PROVIDED that nothing in this Article or in the immediately preceding Article shall be interpreted as imposing a legal obligation on either Contracting State to extend to the investors of the other, the benefit of any treatment, preference or privilege which may be accorded to any other State or its investors by virtue of the formation of a customs union, an economic union, a free trade zone, regional or sub-regional arrangement relating to movement of capital to which either Contracting State may be a party.
Article 4

Nationalisation or Expropriation

of investors

(i) Investments from either Contracting State shall not be nationalised, expropriated or subjected to measures having effect directly or indirectly equivalent to nationalisation or expropriation (such as forced transfer or freezing) in the territory of the other Contracting State except for a public purpose in the national interest of that State, for prompt, adequate and just compensation and on condition

If a Contracting State forms an insurance scheme for any of its investors it may consult with the other Contracting State regarding appropriate treatment of such scheme.
Article 8

(1) In the event of an investment dispute between a Contracting State and an investor of the other Contracting State, the parties to the dispute shall initially seek to resolve the dispute by consultations and negotiations in good faith. If such consultations or negotiations are unsuccessful, the dispute may be settled through the use of non-binding, third party procedures upon which such investor and the Contracting State mutually agree. If the dispute cannot be resolved through the foregoing procedures, the dispute shall be submitted for settlement in accordance with any previously agreed, applicable dispute settlement procedures.

(2) (a) The investor may choose to consent in writing to the submission of the dispute to the International Centre for Settlement of Investment Disputes ("Centre") for settlement by arbitration, at any time after one year from the date upon which the dispute arose, provided:

(ii) the investor concerned has not brought the dispute
before the courts of justice or administrative tribunals or agencies of competent jurisdiction of the Contracting State that is a party to the dispute and a final award has not been rendered.

(b) Each Contracting State hereby consents to the submission of any investment dispute to the Centre for settlement by arbitration.

(c) Arbitration of such disputes shall be done in accordance with the provisions of the Convention on the Settlement of Investment Disputes Between States and Nationals of other States and the "Arbitration Rules" of the Centre.

(3) Any dispute settlement procedures regarding expropriation and specified in the investment agreement shall remain binding and shall be enforceable in accordance with the terms of the investment agreement, relevant provisions of domestic laws, and applicable international agreements regarding enforcement of arbitral awards.

(4) For the purposes of this Article, any company legally constituted under the applicable laws and regulations of either Contracting State but that, immediately before the occurrence of the event or events giving rise to the dispute, was an investment of nationals or companies of the other Contracting State, shall be treated as an investor of such other State.
Neither Contracting State shall pursue through diplomatic channel any matter referred to arbitration until the proceedings have terminated and a Contracting State has failed to abide by or to comply with the award rendered by the Arbitral Tribunal.

Article 9

Settlement of Disputes between Contracting States

(1) Should any dispute arise concerning the interpretation or application of this Agreement the Governments of the Contracting States shall try to settle the dispute by meaningful and direct negotiations.

(2) If the dispute cannot be so settled it shall, upon the request of either Contracting State, be submitted to an arbitral tribunal in accordance with the provisions of this Article.

(3) The arbitral tribunal shall be constituted in the following way. Within two months of the receipt of the request for arbitration, each Contracting State shall appoint one member of the tribunal. The two members shall then select a national of a third State which has diplomatic relations with the State of Kuwait and the Republic of Turkey and who shall act as Chairman (hereinafter referred to as the Chairman). The Chairman shall be appointed within three months from the date of appointment of the other two members.
(4) If within the periods specified in paragraph (3) of this Article either party shall not have appointed its arbitrator or the two arbitrators shall not have agreed on the Chairman, a request may be made to the President of the International Court of Justice to make the appointment. If he happens to be a national of either Contracting State or if he is otherwise prevented from discharging the said function, the Vice-President shall be invited to make the appointment. If the Vice-President also happens to be a national of either Contracting State or is prevented from discharging the said function, the member of the International Court of Justice next in seniority who is not a national of either Contracting State shall be invited to make the appointment.

(5) The Arbitral Tribunal shall determine its own procedures.

(6) The Arbitral Tribunal shall reach its decision by a majority of votes. Such decision shall be binding. Each Contracting State shall bear the cost of its own arbitrator and its counsel in the arbitral proceedings; the cost of the Chairman and the remaining costs shall be borne in equal parts by both Contracting States. The tribunal may, however, at its discretion, direct that a higher proportion of the costs be paid by one of the Contracting States.
Article 10

Relations between Governments

The provisions of the present Agreement shall apply irrespective of the existence of diplomatic or consular relations between the Contracting States.
