7. Each Party, through its Customs Administration, consistent with domestic law, shall relieve the importer or other person responsible for a good admitted under this Article from any liability for failure to export the good on presentation of satisfactory proof to customs authorities that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

2. Neither Party may require consular transactions, including related fees and charges, in connection with the importation of any good of the other Party.
3. Each Party shall make available through the Internet or a comparable computer based telecommunications network a current list of the fees and charges it imposes in connection with importation or exportation.

Article 3.11: Export Taxes

Neither Party may adopt or maintain any duty, tax or other charge on the export of any good to the territory of the other Party, unless such duty, tax or charge is adopted or maintained on any such good when destined for domestic consumption.

 - (ii) shares, stock, and other forms of equity participation in an enterprise;

- (iii) bonds, debentures, loans and other debt instruments¹⁰⁻¹; but do not include a debt instrument of a Party or of a state enterprise;
- (iv) futures, options and other derivatives;
- (v) rights under contract, including turnkey, construction, management, production, concession, or revenue-sharing contracts;
- (vi) intellectual property rights;
- (vii) rights conferred pursuant to domestic law, such as concessions, licences, authorisations, and permits;¹⁰⁻² and
- (viii) other tangible or intangible, movable or immovable property, and related property rights, such as leases, mortgages, liens, and pledges;

but investment does not mean an order or judgment entered in a judicial or administrative action;

- (k) **investor of a non-Party** means, with respect to a Party, an investor that attempts to make, is making, or has made an investment in the territory of that Party, that is not an investor of either Party;
- (l) **New York Convention** means the *United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards*, done at New York, June 10, 1958;
- (m) **non-disputing Party** means the Party that is not a party to an investment dispute;
- (n) **respondent** means the Party that is a party to an investment dispute;
- (o) **Secretary-General** means the Secretary-General of ICSID;
- (p) **tribunal** means an arbitration tribunal established under Article 10.19 or 10.26; and
- (q) **UNCITRAL Arbitration Rules** means the arbitration rules of the United Nations Commission on International Trade Law.

¹⁰⁻¹ Some forms of debt, such as bonds, debentures, and long-term notes, are more likely to have the characteristics of an investment, while other forms of debt, such as claims to payment that are immediately due and result from the sale of goods or services, are less likely to have such characteristics.

¹⁰⁻² Whether a particular right conferred pursuant to domestic law, as referred to in subparagraph (vii), has the characteristics of an investment depends on such factors as the nature and extent of the rights that the holder has under the domestic law of the Party. Among such rights that do not have the characteristics of an investment are those that do not create any rights protected under domestic law. For greater certainty, the foregoing is without prejudice to whether any asset associated with such right has the characteristics of an investment.

Section A - Investment

Article 10.2: Scope and Coverage¹⁰⁻³

1. This Chapter applies to measures adopted or maintained by a Party relating to:
 - (a) investors of the other Party;
 - (b) covered investments; and
 - (c) with respect to Article 10.7 all investments in the territory of the Party.
2. In the event of any inconsistency between this Chapter and another Chapter, the other Chapter shall prevail to the extent of the inconsistency.
3. A requirement by a Party that a service supplier of the other Party post a bond or other form of financial security as a condition of providing a service into its territory does not of itself make this Chapter applicable to measures adopted or maintained by a Party relating to the provision of that cross-border service. This Chapter applies to that Party's treatment of the posted bond or financial security to the extent that such bond or financial security is a covered investment.
4. This Chapter does not apply to:
 - (a) measures adopted or maintained by a Party to the extent that they are covered by Chapter 12 (Financial Services); and
 - (b) any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Agreement, except as provided in Annex 10-E paragraph 2.

Article 10.3: National Treatment

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.
2. Each Party shall accord to covered investments treatment no less favourable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

¹⁰⁻³ For greater certainty, this Chapter is subject to and shall be interpreted in accordance with Annexes 10-A through 10-D.

Article 10.4: Most-Favoured-Nation Treatment¹⁰⁻⁴

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.
2. Each Party shall accord to covered investments treatment no less favourable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

Article 10.5: Minimum Standard of Treatment¹⁰⁻⁵

1. Each Party shall accord to covered investments treatment in accordance with customary international law, including fair and equitable treatment and full protection and security.
2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of “fair and equitable treatment” and “full protection and security” do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:
 - (a) “fair and equitable treatment” includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process embodied in the principal legal systems of the world; and
 - (b) “full protection and security” requires each Party to provide the level of police protection required under customary international law.
3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

Article 10.6: Treatment in Case of Strife

1. Notwithstanding Article 10.9.5(b), each Party shall accord to investors of the other Party, and to covered investments, with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict or civil strife treatment no less favourable than that it accords, in like circumstances, to:

¹⁰⁻⁴For greater certainty, Article 10.4 does not apply to the dispute settlement procedures set out in Section B of this Chapter, including requirements as to time.

¹⁰⁻⁵For greater certainty, Article 10.5 shall be interpreted in accordance with Annex 10-A.

- (a) its own investors and their investments; or
- (b) investors of any non-Party and their investments.

2. Notwithstanding paragraph 1, if an investor of a Party, in the situations referred to in paragraph 1, suffers a loss in the territory of the other Party resulting from:

- (a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or
- (b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution, compensation or both in the event of a partial restitution, which in any case shall be prompt, adequate, and effective, and with respect to compensation, in accordance with paragraphs 2 to 4 of Article 10.11, *mutatis mutandis*.

3. Paragraph 1 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 10.3 but for Article 10.9.5(b).

Article 10.7: Performance Requirements

Mandatory Performance Requirements

1. Neither Party may impose or enforce any of the following requirements, or enforce any commitment or undertaking, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party in its territory:

- (a) to export a given level or percentage of goods or services;
- (b) to achieve a given level or percentage of domestic content;
- (c) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;
- (d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;
- (e) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;
- (f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its territory; or

- (g) to supply exclusively from the territory of the Party the goods that it produces or the services that it supplies to a specific regional market or to the world market.

Advantages Subject to Performance Requirements

2. Neither Party may condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of a Party or of a non-Party, on compliance with any of the following requirements:

- (a) to achieve a given level or percentage of domestic content;
- (b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;
- (c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or
- (d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

Exceptions and Exclusions

- 3. (a) Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.
- (b) Paragraph 1(f) does not apply:
 - (i) when a Party authorises use of an intellectual property right in accordance with Article 31¹⁰⁻⁶ of the TRIPS Agreement, or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or
 - (ii) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority to remedy a practice determined after

judicial or administrative process to be anticompetitive under the Party's competition laws¹⁰⁻⁷.

- (c) Provided that such measures are not applied in an arbitrary or unjustifiable manner, or do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), (c), and (f), and 2(a) and (b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:
 - (i) necessary to secure compliance with laws and regulations that are not inconsistent with this Agreement;
 - (ii) necessary to protect human, animal, or plant life or health; or
 - (iii) related to the conservation of living or non-living exhaustible natural resources.
- (d) Paragraphs 1(a), (b), and (c), and 2(a) and (b), do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.
- (e) Paragraphs 1(b), (c), (f), and (g), and 2(a) and (b), do not apply to government procurement.
- (f) Paragraphs 2(a) and (b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

4. For greater certainty, paragraphs 1 and 2 do not apply to any requirement other than the requirements set out in those paragraphs.

5. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

Article 10.8: Senior Management and Boards of Directors

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management positions individuals of any particular nationality.

2. A Party may require that a majority or less of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

¹⁰⁻⁷The Parties recognise that a patent does not necessarily confer market power.

Article 10.9: Non-Conforming Measures

1. Articles 10.3, 10.4, 10.7, and 10.8 do not apply to:
 - (a) any existing non-conforming measure that is maintained by a Party at:
 - (i) the central level of government, as set out by that Party in its Schedule to Annex I;
 - (ii) a regional level of government, as set out by that Party in its Schedule to Annex I; or
 - (iii) a local level of government;
 - (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or
 - (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles 10.3, 10.4, 10.7, and 10.8.
2. Articles 10.3, 10.4, 10.7, and 10.8 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex II.
3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.
4. Articles 10.3 and 10.4 do not apply to any measure that is an exception to, or derogation from, the obligations under Article 17.5 (National Treatment – Intellectual Property Chapter) as specifically provided for in that Article.
5. Articles 10.3, 10.4, and 10.8 do not apply to:
 - (a) government procurement; or
 - (b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

Article 10.10: Transfers¹⁰⁻⁸

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:
 - (a) contributions to capital;
 - (b) profits, dividends, interest, capital gains, royalty payments, management fees, and technical assistance and other fees;
 - (c) proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;
 - (d) payments made under a contract entered into by the investor, or the covered investment, including payments made pursuant to a loan agreement;
 - (e) payments made pursuant to paragraphs 1 and 2 of Article 10.6 and Article 10.11; and
 - (f) payments arising under Section B.
2. Each Party shall permit returns in kind relating to a covered investment to be made as authorised or specified in a written agreement between the Party and a covered investment or an investor of the other Party.
3. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing on the date of transfer.
4. Notwithstanding paragraphs 1 to 3, a Party may prevent or delay a transfer through the equitable, non-discriminatory, and good faith application of its laws relating to:
 - (a) bankruptcy, insolvency, or the protection of the rights of creditors;
 - (b) issuing, trading, or dealing in securities, futures or derivatives;
 - (c) criminal or penal offences;
 - (d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or
 - (e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

¹⁰⁻⁸ For greater certainty, Article 10.10 is subject to Annex 10-C.

5. Notwithstanding paragraph 2, a Party may restrict transfers of returns in kind in circumstances where it could otherwise restrict such transfers under this Agreement, including as set out in paragraph 4.

Article 10.11: Expropriation and Compensation¹⁰⁻⁹

1. Neither Party may expropriate or nationalise a covered investment either directly or indirectly through measures equivalent to expropriation or nationalisation (“expropriation”), except:

- (a) for a public purpose;
- (b) in a non-discriminatory manner;
- (c) on payment of prompt, adequate, and effective compensation in accordance with paragraphs 2 to 4; and
- (d) in accordance with due process of law.

2. Compensation shall:

- (a) be paid without delay;
- (b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place (“the date of expropriation”);
- (c) not reflect any change in value occurring because the intended expropriation had become known earlier; and
- (d) be fully realisable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation paid shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation paid – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date; plus

¹⁰⁻⁹For greater certainty, Article 10.11 shall be interpreted in accordance with Annex 10-B.

- (b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

5. This Article does not apply to the issuance of compulsory licences granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such revocation, limitation, or creation is consistent with Chapter 17 (Intellectual Property).

Article 10.12: Special Formalities and Information Requirements

1. Nothing in Article 10.3 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that investors be residents of the Party or that covered investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Chapter.

2. Notwithstanding Articles 10.3 and 10.4, a Party may require an investor of the other Party, or a covered investment, to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect such information that is confidential from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its domestic law.

Article 10.13: Denial of Benefits

Subject to prior notification and consultation, a Party may deny the benefits of this Chapter to an investor of the other Party and to investments of that investor if the investor is an enterprise:

- (a) owned or controlled either by persons of a non-Party or of the denying Party; and
- (b) has no substantive business operations in the territory of the other Party.

Section B - Investor-State Dispute Settlement

Article 10.14: Scope of Investor-State Dispute Settlement

Section B applies where there is a dispute between a Party and an investor of the other Party relating to a covered investment made in the territory of a Party in accordance with its laws, regulations and investment policies.

Article 10.15: Consultations and Negotiations

1. In the event of an investment dispute, the claimant and the respondent shall initially seek to resolve the dispute through consultations and negotiations, which may include the use of non-binding, third-party procedures. Such consultations shall be initiated by a written request for consultations delivered by the claimant to the respondent.
2. The parties shall endeavour to commence consultations within 30 days of receipt by the respondent of the request for consultations, unless the disputing parties otherwise agree.
3. With the objective of resolving an investment dispute through consultations, a claimant shall make all reasonable efforts to provide the respondent, prior to the commencement of consultations, with information regarding the legal and factual basis for the investment dispute.
4. For greater certainty, the initiation of consultations and negotiations shall not be construed as recognition of the jurisdiction of the tribunal.

Article 10.16: Submission of a Claim to Arbitration

1. If an investment dispute has not been resolved within six months of the receipt by the respondent of a request for consultations:
 - (a) the claimant, on its own behalf, may submit to arbitration under this Section a claim that:
 - (i) the respondent has breached an obligation under Section A; and
 - (ii) the claimant has incurred loss or damage by reason of, or arising out of, that breach; and
 - (b) the claimant, on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, may submit to arbitration under this Section a claim that:
 - (i) the respondent has breached an obligation under Section A; and

- (ii) the enterprise has incurred loss or damage by reason of, or arising out of, that breach.

2. At least 90 days before submitting any claim to arbitration under this Section, a claimant shall deliver to the respondent a written notice of its intention to submit the claim to arbitration (“notice of intent”). The notice shall specify:

- (a) the name and address of the claimant and, where a claim is submitted on behalf of an enterprise, the name, address, and place of incorporation of the enterprise;
- (b) for each claim, the provision of this Agreement alleged to have been breached and any other relevant provisions;
- (c) the legal and factual basis for each claim; and
- (d) the relief sought and the approximate amount of damages claimed.

3. A claimant may submit a claim referred to in paragraph 1:

- (a) under the ICSID Convention, provided that both the non-disputing Party and the respondent are parties to the ICSID Convention;
- (b) under the ICSID Additional Facility Rules, provided that either the non-disputing Party or the respondent, but not both, is a party to the ICSID Convention;
- (c) under the UNCITRAL Arbitration Rules; or
- (d) if the disputing parties agree, to any other arbitration institution or under any other arbitration rules.

4. A claim shall be deemed submitted to arbitration under this Section when the claimant’s notice of or request for arbitration (“notice of arbitration”) is received under the applicable arbitral rules.

5. The arbitration rules applicable under paragraph 3, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Agreement.

6. The claimant shall provide with the notice of arbitration referred to in paragraph 4:

- (a) the name of the arbitrator that the claimant appoints; or
- (b) the claimant’s written consent for the Secretary-General to appoint the claimant’s arbitrator.

Article 10.17: Consent of each Party to Arbitration

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Agreement.
2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall be deemed to satisfy the requirements of:
 - (a) Chapter II of the ICSID Convention (Jurisdiction of the Centre) and the ICSID Additional Facility Rules for written consent of the parties to the dispute;
 - (b) Article II of the New York Convention for an “agreement in writing”; and
 - (c) Article 1 of the UNCITRAL Arbitration Rules.

Article 10.18: Conditions and Limitations on Consent of each Party

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date on which the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 10.16.1 causing loss or damage to a claimant or covered investment.
2. No claim may be submitted to arbitration under this Section unless:
 - (a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Agreement; and
 - (b) the notice of arbitration referred to in Article 10.16.6 is accompanied:
 - (i) for claims submitted to arbitration under Article 10.16.1(a), by the claimant’s written waiver; and
 - (ii) for claims submitted to arbitration under Article 10.16.1(b), by the claimant’s and the enterprise’s written waivers,of any right to initiate or continue before any administrative tribunal or court under the law of either Party, or other dispute settlement procedures, any proceeding with respect to the events alleged to give rise to the claimed breach.
3. No claim may be submitted to arbitration, if the claimant referred to in Article 10.16.1(a) or 10.16.1(b), has alleged the breach of an obligation under Section A in proceedings before a court or an administrative tribunal of a Party, or other binding dispute settlement procedure. For greater certainty, if an investor elects to submit a claim, of the type previously described to a court or administrative tribunal of the Party, that election shall be definitive and the investor may not thereafter submit the claim to arbitration under this Section.

4. Notwithstanding paragraph 2(b), the claimant (for claims brought under Article 10.16.1(a)) and the claimant or the enterprise (for claims brought under Article 10.16.1(b)) may initiate or continue an action that seeks interim injunctive relief and does not involve the payment of monetary damages before a judicial or administrative tribunal of the respondent, provided that the action is brought for the sole purpose of preserving the claimant's or the enterprise's rights and interests during the pendency of the arbitration.

5. Neither Party shall give diplomatic protection, or bring an international claim, in respect of a dispute which one of its investors and the other Party shall have consented to submit or have submitted to conciliation or arbitration under Article 10.17, unless such other Party has failed to abide by and comply with the award rendered in such dispute. Diplomatic protection, for the purposes of this paragraph, shall not include informal diplomatic exchanges for the sole purpose of facilitating a settlement of the dispute.

Article 10.19: Selection of Arbitrators

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties and who shall be a national of a third country.

2. Arbitrators shall have expertise or experience in public international law, international trade or international investment rules, and be independent of, and not be affiliated with or take instructions from, either Party or the claimant.

3. The Secretary-General shall serve as appointing authority for an arbitration under this Section.

4. If a tribunal has not been constituted within 75 days from the date that a claim is submitted to arbitration under this Section, the Secretary-General, on the request of a disputing party, shall appoint, in his or her discretion, the arbitrator or arbitrators not yet appointed.

5. Pursuant to paragraph 1, where the disputing parties have agreed on a sole arbitrator or each individual member of the tribunal and one or more of those arbitrators has the nationality of one of the disputing parties, the appointment shall be in writing.

6. Subject to paragraph 7:

(a) the costs of arbitration shall be born equally by the disputing parties unless the tribunal decides otherwise; and

(b) the prevailing ICSID rate for arbitrators shall apply.

7. The disputing parties may establish rules relating to expenses incurred by the tribunal, including arbitrators' remuneration.

8. Even without the consent of the tribunal that he or she was a member, where any arbitrator appointed as provided for in this Section resigns or becomes unable to act, a successor shall be appointed in the same manner as prescribed for the appointment of the original arbitrator and the successor shall have all the powers and duties of the original arbitrator.

Article 10.20: Conduct of the Arbitration

1. The disputing parties may agree on the legal place of any arbitration under the arbitral rules applicable under Article 10.16.3(b), (c) or (d). If the disputing parties fail to reach agreement, the tribunal shall determine the place in accordance with the applicable arbitral rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.

2. The tribunal shall have the authority to accept and consider *amicus curiae* written submissions that may assist the tribunal in evaluating the submissions and arguments of the disputing parties from a person or entity that is not a disputing party (the "submitter"). The submissions shall be provided in both Spanish and English, and shall identify the submitter and any Party, other government, person, or organisation, other than the submitter, that has provided, or will provide, any financial or other assistance in preparing the submission. Where such submissions are admitted by the tribunal, the tribunal shall provide to the parties an opportunity to respond to such written submissions.

3. Without prejudice to a tribunal's authority to address other objections as a preliminary question, such as an objection that a dispute is not within the jurisdiction or the competence of the tribunal, a tribunal shall address and decide as a preliminary question any objection by the respondent that the claim is manifestly without legal merit.

- (a) Such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial (or, in the case of an amendment to the notice of arbitration referred to in Article 10.16.4, the date the tribunal fixes for the respondent to submit its response to the amendment).
- (b) On receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor.
- (c) The respondent does not waive any objection as to the jurisdiction or competence of the tribunal or any argument on the merits merely because the respondent did or did not raise an objection under this

paragraph or make use of the expedited procedure set out in the following paragraph.

4. In the event that the respondent so requests within 45 days after the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 3 or any objection that the dispute is not within the tribunal's jurisdiction or competence. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than 150 days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional 30 days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period of time, which may not exceed 30 days.
5. When it decides a respondent's objection under paragraph 3 or 4, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorneys' fees incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous, and shall provide the disputing parties a reasonable opportunity to comment.
6. A respondent may not assert as a defence, counterclaim, right of set-off, or otherwise that the claimant has received or will receive indemnification or other compensation for all or part of the alleged loss or damages pursuant to an insurance or guarantee contract.
7. A tribunal may order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the tribunal's jurisdiction is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the tribunal's jurisdiction. A tribunal may not order attachment or enjoin the application of a measure alleged to constitute a breach referred to in Article 10.16. For the purposes of this paragraph, an order includes a recommendation.
8. At the request of a disputing party, a tribunal shall, before issuing an award on liability, transmit its proposed award to the disputing parties and to the non-disputing Party. Within 60 days after the tribunal transmits its proposed award, only the disputing parties may submit written comments to the tribunal concerning any aspect of its proposed award. The tribunal shall consider any such comments and issue its award not later than 45 days after the expiration of the 60 day comment period.

Article 10.21: The non-disputing Party

1. No later than 30 days after the date that such documents have been delivered to the respondent, the respondent shall deliver to the non-disputing Party a copy of:
 - (a) the notice of intent referred to in Article 10.16.2;
 - (b) the notice of arbitration referred to in Article 10.16.4;

- (c) pleadings, memorials, and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to paragraphs 2 and 3 of Article 10.20 and Article 10.26;
 - (d) minutes or transcripts of hearings of the tribunal, where available;
 - (e) orders, awards, and decisions of the tribunal; and
 - (f) any other document submitted to the tribunal, including redacted versions of confidential documents submitted in accordance with Article 10.22.
2. On written notice to the disputing parties, the non-disputing Party may make a submission to a tribunal on any question of interpretation of this Agreement.
3. The non-disputing Party receiving confidential information pursuant to paragraph 1 shall treat the information as if it were a disputing party.

Article 10.22: Transparency of Arbitral Proceedings

1. Subject to paragraphs 2 and 4, the respondent shall, after receiving the following documents, make them available to the public at their cost:
- (a) the notice of intent referred to in Article 10.16.2;
 - (b) the notice of arbitration referred to in Article 10.16.4;

 - (d) minutes or transcripts of hearings of the tribunal, where available; and
 - (e) orders, awards, and decisions of the tribunal.
2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any disputing party that intends to use information designated as confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure including closing the hearing for the duration of any discussion of confidential information.
3. Nothing in this Section requires a respondent to disclose information which would impede law enforcement or information that is privileged or otherwise protected from disclosure under a Party's law or to furnish or allow access to information that it may withhold in accordance with Article 22.2 (Security Exceptions

– General Provisions and Exceptions Chapter) or Article 22.5 (Disclosure of Information – General Provisions and Exceptions Chapter).

4. Information that may be designated as confidential information is limited to any sensitive factual information that is not available in the public domain.

5. Confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law shall, if such information is submitted to the tribunal, be protected from disclosure in accordance with the following procedures:

- (a) Subject to subparagraph (d), neither the disputing parties nor the tribunal shall disclose to the non-disputing Party or to the public any confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law where the disputing party that provided the information clearly designates it in accordance with subparagraph (b);
- (b) Any disputing party claiming that certain information constitutes confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law shall clearly designate the information at the time it is submitted to the tribunal;
- (c) A disputing party shall, at the same time that it submits a document containing information claimed to be confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law, submit a redacted version of the document that does not contain the information. Only the redacted version shall be made public in accordance with paragraph 1; and
- (d) The tribunal shall decide any objection regarding the designation of information claimed to be confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law. If the tribunal determines that such information was not properly designated, the disputing party that submitted the information may:
 - (i) withdraw all or part of its submission containing such information; or
 - (ii) agree to resubmit complete and redacted documents with corrected designations in accordance with the tribunal's determination and subparagraph (c).

In either case, the other disputing party shall, whenever necessary, resubmit complete and redacted documents which either remove the information withdrawn under subparagraph (d)(i) by the disputing party that first submitted the information or redesignate the information consistent with the designation under subparagraph (d)(ii) of the disputing party that first submitted the information.

6. A disputing party may disclose to other persons in connection with the arbitral proceedings such confidential documents as it considers necessary for the preparation of its case, but it shall require that any confidential information in such documents is protected.

7. Nothing in this Section authorises a respondent to withhold from the public information required to be disclosed by its laws.

Article 10.23: Governing Law

1. Subject to paragraph 2, when a claim is submitted under Article 10.16.1(a) or Article 10.16.1(b), the tribunal shall decide the issues in dispute in accordance with this Agreement and applicable rules of international law.

2. A decision of the Joint FTA Committee issuing its interpretation of a provision of this Agreement under Article 20.1.3(f) (Joint FTA Committee – Institutional Arrangements Chapter) shall be binding on a tribunal established under this Section, and any award must be consistent with that decision.

Article 10.24: Interpretation of Annexes

1. Where a respondent asserts as a defence that the measure alleged to be a breach is within the scope of a non-conforming measure set out in Annex I or Annex II, the tribunal shall, on request of the respondent, request the interpretation of the Joint FTA Committee on the issue. The Joint FTA Committee shall submit in writing any decision issuing its interpretation under Article 20.1.3(f) (Joint FTA Committee – Institutional Arrangements Chapter) to the tribunal within 60 days of delivery of the request.

2. A decision issued by the Joint FTA Committee under paragraph 1 shall be binding on the tribunal, and any award must be consistent with that decision. If the Joint FTA Committee fails to issue such a decision within 60 days, the tribunal shall decide the issue.

Article 10.25: Expert Reports

Without prejudice to the appointment of other kinds of experts where authorised by the applicable arbitration rules, a tribunal, at the request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety or other scientific matters raised by a disputing party in a proceeding, subject to such terms and conditions as the disputing parties may agree.

Article 10.26: Consolidation

1. Where two or more claims have been submitted separately to arbitration under Article 10.16.1 and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order with the agreement of all the disputing parties sought to be covered by the order or in accordance with the terms of paragraphs 2 to 10.
2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary-General and to all the disputing parties sought to be covered by the order and shall specify in the request:
 - (a) the names and addresses of all the disputing parties sought to be covered by the order;
 - (b) the nature of the order sought; and
 - (c) the grounds on which the order is sought.
3. Unless the Secretary-General finds within 30 days after receiving a request under paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.
4. Subject to paragraph 5, unless all the disputing parties sought to be covered by the order otherwise agree, a tribunal established under this Article shall be constituted in accordance with Article 10.19 except that, for the purpose of Article 10.19.1, the claimants shall appoint a single arbitrator by agreement.
5. If, within 60 days after the Secretary-General receives a request made under paragraph 2, the respondent fails or the claimants fail to appoint an arbitrator in accordance with paragraph 4, the Secretary-General may be requested by any disputing party sought to be covered by the order, to appoint the arbitrator or arbitrators not yet appointed. If the respondent fails to appoint an arbitrator, the arbitrator to be appointed by the Secretary-General may be a national of the respondent, and if the claimants fail to appoint an arbitrator, the arbitrator to be appointed by the Secretary-General may be a national of the Party other than the respondent.
6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 10.16.1 have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:
 - (a) assume jurisdiction over, and hear and determine together, all or part of the claims;
 - (b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or

- (c) instruct a tribunal previously established under Article 10.19 to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that:
 - (i) that tribunal, at the request of any claimant not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4 and 5; and
 - (ii) that tribunal shall decide whether any prior hearing shall be repeated.

7. Where a tribunal has been established under this Article, a claimant that has submitted a claim to arbitration under Article 10.16.1 and that has not been named in a request made under paragraph 2 may make a written request to the tribunal that it be included in any order made under paragraph 6, and shall specify in the request:

- (a) the name and address of the claimant;
- (b) the nature of the order sought; and
- (c) the grounds on which the order is sought.

The claimant shall deliver a copy of its request to the Secretary-General.

8. A tribunal established under this Article shall conduct its proceedings in accordance with Section B of this Agreement.

9. A tribunal established under Article 10.19 shall not have jurisdiction to decide a claim, or a part of a claim, over which a tribunal established or instructed under this Article has assumed jurisdiction.

10. On application of a disputing party, a tribunal established under this Article, pending its decision under paragraph 6, may order that the proceedings of a tribunal established under Article 10.19 be stayed, unless the latter tribunal has already adjourned its proceedings.

Article 10.27: Awards

1. Where a tribunal makes a final award against a respondent, the tribunal may award, separately or in combination, only:

- (a) monetary damages and any applicable interest;
- (b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

A tribunal may also award costs and attorneys' fees in accordance with this Section and the applicable arbitration rules.

2. Subject to paragraph 1, where a claim is submitted to arbitration under Article 10.16.1(b):

- (a) an award of restitution of property shall provide that restitution be made to the enterprise;
- (b) an award of monetary damages and any applicable interest shall provide that the sum be paid to the enterprise; and
- (c) the award shall provide that it is made without prejudice to any right that any person may have in the relief under applicable domestic law.

3. A tribunal may not award punitive damages.

4. An award made by a tribunal shall have no binding force except between the disputing parties and in respect of the particular case.

5. Subject to paragraph 6 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay.

6. A disputing party may not seek enforcement of a final award until:

- (a) in the case of a final award made under the ICSID Convention:
 - (i) 120 days have elapsed from the date the award was rendered and no disputing party has requested revision or annulment of the award; or
 - (ii) revision or annulment proceedings have been completed; and
- (b) in the case of a final award under the ICSID Additional Facility Rules, the UNCITRAL Arbitration Rules, or the rules selected pursuant to Article 10.16.5(d):
 - (i) 90 days have elapsed from the date the award was rendered and no disputing party has commenced a proceeding to revise, set aside, or annul the award; or
 - (ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

7. Each Party shall provide for the enforcement of an award in its territory.

8. A disputing party may seek enforcement of an arbitration award under the ICSID Convention, or the New York Convention regardless of whether actions have been taken under Article 10.18.5.

9. A claim that is submitted to arbitration under this Section shall be considered to arise out of a commercial relationship or transaction for the purposes of Article I of the New York Convention.

Article 10.28: Service of Documents

Delivery of notice and other documents on a Party shall be made to the place named for that Party in Annex 10-F.

Annex 10-A

Customary International Law

The Parties confirm their shared understanding that “customary international law” generally and as specifically referenced in Article 10.5 results from a general and consistent practice of States that they follow from a sense of legal obligation. The customary international law minimum standard of treatment of aliens refers, for the purposes of this Agreement, to all customary international law principles that protect the economic rights and interests of aliens.

Annex 10-B Expropriation

The Parties confirm their shared understanding that:

1. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.
2. Article 10.11.1 addresses two situations. The first is direct expropriation, where an investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure.
3. The second situation addressed by Article 10.11.1 is indirect expropriation, where an action or series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.
 - (a) The determination of whether an action or series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers, among other factors:
 - (i) the economic impact of the government action, although the fact that an action or series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;
 - (ii) the extent to which the government action interferes with distinct, reasonable investment-backed expectations; and
 - (iii) the character of the government action.
 - (b) Except in rare circumstances, non-discriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety, and the environment, do not constitute indirect expropriations.

Annex 10-C Transfers

Chile

1. Chile reserves the right of the Central Bank of Chile (*Banco Central de Chile*) to maintain or adopt measures in conformity with Law 18.840, Constitutional Organic Law of the Central Bank of Chile (*Ley 18.840, Ley Orgánica Constitucional del Banco Central de Chile*) or other legislation, in order to ensure currency stability and the normal operation of domestic and foreign payments. For this purpose, the Central Bank of Chile is empowered to regulate the supply of money and credit in circulation and international credit and foreign exchange operations. The Central Bank of Chile is empowered as well to issue regulations governing monetary, credit, financial, and foreign exchange matters. Such measures include, *inter alia*, the establishment of restrictions or limitations on current payments and transfers (capital movements) to or from Chile, as well as transactions related to them, such as requiring that deposits, investments or credits from or to a foreign country, be subject to a reserve requirement (*encaje*).

2. Notwithstanding paragraph 1, the reserve requirement that the Central Bank of Chile can apply pursuant to Article 49 N° 2 of Law 18.840, shall not exceed 30 per cent of the amount transferred and shall not be imposed for a period which exceeds two years.

3. When applying measures under this Annex, Chile, as established in its legislation, shall not discriminate between Australia and any third country with respect to transactions of the same nature.

Annex 10-D

DL 600

Chile

1. The obligations and commitments contained in this Chapter do not apply to Decree Law 600, Foreign Investment Statute (*Decreto Ley 600, Estatuto de la Inversión Extranjera*) (hereinafter referred to in this Annex as “DL 600”), and to Law 18.657, Foreign Capital Investment Fund Law (*Ley 18.657, Ley de Fondos de Inversión de Capital Extranjero*), to the continuation or prompt renewal of such laws, to amendments to those laws or to any special and/or voluntary investment regime that may be adopted in the future by Chile.
2. For greater certainty, it is understood that the Foreign Investment Committee of Chile has the right to accept and reject applications to invest through DL 600 and Law 18.657. Additionally, the Foreign Investment Committee has the right to regulate the terms and conditions of foreign investment under DL 600 and Law 18.657.
3. Notwithstanding paragraphs 1 and 2, Chile shall accord to an investor of Australia or its investment that is a party to an investment contract under DL 600, the better of the treatment required under Section A of this Chapter or the treatment under the investment contract.
4. Chile shall permit an investor of Australia or its investment that has entered into an investment contract under DL 600 to amend the investment contract to make it consistent with the obligation referred to in paragraph 3.
5. Notwithstanding any other provision in this Agreement, Chile may prohibit an investor of Australia or a covered investment from transferring from Chile proceeds of the sale of all or any part of an investment made pursuant to a contract under DL 600 for up to one year after the date that the investor or covered investment transferred funds to Chile to establish the investment.

Annex 10-E

Termination of the Bilateral Investment Agreement

1. Without prejudice to paragraph 2, the Parties agree that the “Agreement between the Government of Australia and the Government of the Republic of Chile on the Reciprocal Promotion and Protection of Investments”, and its Protocol, signed in Canberra on 9 July 1996, (hereafter the “IPPA”), will terminate on the date of entry into force of the present Agreement.
2. The IPPA shall continue to apply to any investment (as defined in the IPPA) which was made before the entry into force of this Agreement with respect to any act, fact or situation which originated before the entry into force of this Agreement.
3. Notwithstanding paragraph 2, an investor may only submit a claim under Article 11 of the IPPA (Settlement of disputes between a Contracting Party and an investor of the other Contracting Party) within three years from the date of entry into force of this Agreement.
4. The Parties agree that this Annex constitutes an amendment to Article 12 of the IPPA and is effective to terminate the IPPA.

4. Notwithstanding paragraph 3, a Party may take such measures as are necessary to:
- (a) ensure the security and confidentiality of messages; or
 - (b) protect the privacy of personal data of end users of public telecommunications networks or services,
- subject to the requirement that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination or a disguised restriction on trade in services.
5. Each Party shall ensure that no condition is imposed on access to and use of public telecommunications networks or services, other than as necessary to:
- (a) safeguard the public service responsibilities of suppliers of public telecommunications networks or services, in particular their ability to make their networks or services available to the public generally; or

Section B

Suppliers of Public Telecommunications Networks or Services

Article 11.4: Interconnection

1. Each Party shall ensure suppliers of public telecommunications networks or services in its territory provide, directly or indirectly, interconnection with the suppliers of public telecommunications networks or services of the other Party.
2. In carrying out paragraph 1, each Party shall ensure that suppliers of public telecommunications networks or services in its territory take reasonable steps to protect the confidentiality of commercially sensitive information of, or relating to, suppliers and end-users of public telecommunications networks or services and only use such information for the purpose of providing those services.

Article 11.5: Number Portability

Each Party shall ensure that suppliers of public telecommunications networks or services in its territory provide number portability, to the extent technically and economically feasible, in a reasonable period of time and on terms and conditions that are reasonable and non-discriminatory.

Article 11.6: Dialing Parity and Access to Telephone Numbers

Each Party shall ensure that:

- (a) its telecommunication regulatory body has the authority to require that suppliers of public telecommunications services in its territory provide dialing parity within the same category of service to suppliers of public telecommunications services of the other Party; and
- (b) suppliers of public telecommunications services of the other Party are afforded non-discriminatory access to telephone numbers.

Article 11.7: Submarine Cable Systems

Each Party shall ensure reasonable and non-discriminatory treatment for access to submarine cable systems (including landing facilities) in its territory, where a supplier is authorised to operate a submarine cable system as a public telecommunications service.

Section C Conduct of Major Suppliers of Public Telecommunications Networks and Services

Article 11.8: Major Supplier Competitive Safeguards

Each Party shall maintain appropriate measures for the purpose of preventing suppliers who, alone or together, are a major supplier in its territory from engaging in or continuing anti-competitive practices, including in particular:

- (a) engaging in anti-competitive cross-subsidisation;
- (b) using information obtained from competitors with anti-competitive results; and
- (c) not making available, on a timely basis, to suppliers of public telecommunications networks or services, technical information about essential facilities and commercially relevant information that are necessary for them to provide services.

Article 11.9: Treatment by Major Suppliers

Each Party shall ensure that major suppliers in its territory accord suppliers of public telecommunications networks and services of the other Party treatment no less favourable than such major suppliers accord in like circumstances to their subsidiaries, their affiliates or non-affiliated service suppliers regarding:

- (a) the availability, provisioning, rates, or quality of like public telecommunications networks or services; and
- (b) the availability of technical interfaces necessary for interconnection.

Article 11.10: Interconnection with Major Suppliers ¹¹⁻¹

General Terms and Conditions

1. Each Party shall ensure that major suppliers in its territory provide interconnection for the facilities and equipment of suppliers of public telecommunications networks or services of the other Party:
 - (a) at any technically feasible point in the major supplier's network;
 - (b) under non-discriminatory terms, conditions (including technical standards and specifications), and rates¹¹⁻²;
 - (c) of a quality no less favourable than that provided by such major suppliers for their own like services, for like services of non-affiliated service suppliers, or for like service of their subsidiaries or other affiliates;
 - (d) in a timely fashion, on terms, conditions (including technical standards and specifications), and cost-oriented rates¹¹⁻³ that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that suppliers seeking interconnection need not pay for network components or facilities that they do not require for the service to be provided; and
 - (e) on request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

Options for Interconnecting with Major Suppliers

2. Each Party shall ensure that suppliers of public telecommunications networks or services of the other Party may interconnect their facilities and equipment with those of major suppliers in its territory pursuant to at least one of the following options¹¹⁻⁴:
 - (a) a reference interconnection offer or another standard interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications networks or services;

¹¹⁻¹Australia's interconnection regime provides access on terms and conditions which are fair and reasonable to all parties and which do not unfairly discriminate between users. Access rights are guaranteed by legislation and the terms and conditions of access are established primarily through processes of commercial negotiation or by reference to access undertakings given by suppliers of public telecommunications networks or services which may draw upon an industry code of practice. Any code of practice and each supplier's undertaking will be subject to approval by the regulator.

¹¹⁻²In Australia, the rate at which interconnection is provided is determined by negotiation. Both negotiating parties have recourse to the regulator which will make a decision based on transparent criteria to ensure that rates are fair and reasonable in the circumstances.

¹¹⁻³In Australia, the regulator may resolve any dispute on what costs are relevant in determining rates.

¹¹⁻⁴For Australia, these options include arbitration.

- (b) the terms and conditions of an existing interconnection agreement; or
- (c) through negotiation of a new interconnection agreement.

Public Availability of Procedures for Interconnection Negotiations

3. Each Party shall ensure that applicable procedures for interconnection negotiations with major suppliers in its territory are made publicly available.

Public Availability of Terms and Conditions for Interconnection with Major Suppliers

4. Each Party shall ensure, where interconnection is provided under paragraph 2(a), that the rates, terms, and conditions are made publicly available.

Article 11.11: Resale

Each Party¹¹⁻⁵ shall ensure that major suppliers in its territory:

- (a) offer for resale, at reasonable rates,¹¹⁻⁶ to suppliers of public telecommunications services of the other Party, public telecommunications services that such major supplier provides at retail to end users that are not suppliers of public telecommunications services; and
- (b) do not impose unreasonable or discriminatory conditions or limitations on the resale of such services.

Article 11.12: Unbundling of Network Elements

Each Party shall provide its telecommunications regulatory body with the authority to require that major suppliers in its territory provide suppliers of public telecommunications networks and services of the other Party access to network elements for the provision of public telecommunications networks or services on an unbundled basis, and on terms and conditions and at cost-oriented rates that are reasonable and non-discriminatory.

¹¹⁻⁵Australia may determine in accordance with its law and regulations which public telecommunications services must be offered for resale by major suppliers in accordance with paragraph 1, based on the need to promote competition or such other factors as the Party considers relevant.

¹¹⁻⁶For the purposes of Article 11.11(a): 1) a Party may determine reasonable rates through any methodology it considers appropriate; and 2) wholesale rates, set pursuant to a Party's law and regulations, shall be considered reasonable.

Article 11.13: Provisioning and Pricing of Leased Circuits

1. Each Party shall ensure that major suppliers in its territory provide enterprises of the other Party leased circuit services that are public telecommunications networks or services in a reasonable period of time, on terms and conditions, and at rates, that are reasonable and non-discriminatory.
2. In carrying out paragraph 1, each Party shall provide its telecommunications regulatory body the authority to require major suppliers in its territory to offer such leased circuit services that are public telecommunications networks or services to enterprises of the other Party at capacity-based, cost-oriented prices.

1. Each Party shall ensure that major suppliers in its territory provide to suppliers of public telecommunications services of the other Party physical co-location of equipment necessary for interconnection or access to unbundled network elements on a timely basis and on terms, conditions and at cost-oriented rates that are reasonable and non-discriminatory.
2. Where physical co-location is not practical for technical reasons or because of space limitations, each Party shall ensure that major suppliers in its territory provide alternative solution, which may include facilitating virtual co-location, on a timely basis and on terms, conditions and at cost-oriented rates that are reasonable and non-discriminatory.
3. Each Party may determine, in accordance with its law and regulations, which premises in its territory are subject to paragraphs 1 and 2.

Each Party shall ensure that any decision of the Party to deny access will be provided with a clear and detailed written explanation.

Section D Regulatory Measures

Article 11.17: Independent Regulatory Bodies

1. Each Party shall ensure that any telecommunications regulatory body that it establishes or maintains is independent and separate from, and not accountable to, any supplier of public telecommunications networks or services. To this end, each Party shall ensure that its telecommunications regulatory bodies do not hold a financial interest or maintain an operating role in any supplier of public telecommunications networks or services.
2. Each Party shall ensure that the decisions and procedures of its telecommunications regulatory body are impartial with respect to all interested persons. To this end, each Party shall ensure that its regulatory body does not hold a financial interest in any supplier of public telecommunications networks or services, and that any financial interest that the Party holds in a supplier of a public telecommunications networks or services does not influence the decisions and procedures of its telecommunications regulatory body.

Accordingly, each Party retains the right to establish and apply its spectrum and frequency management policies, which may limit the number of suppliers of public telecommunications networks or services, provided that it does so in a manner that is consistent with this Agreement. - (b) suppliers of public telecommunications networks or services of the other Party that have requested interconnection with a major supplier in its territory may have recourse, within a reasonable and publicly available period of time after the supplier requests interconnection, to a national telecommunications regulatory body or other relevant body to resolve disputes regarding the terms, conditions, and rates for interconnection with such major supplier;

Judicial review

- (c) any enterprise that is aggrieved or whose interests are adversely affected by a determination or decision of the Party's telecommunications regulatory body may obtain judicial review of such determination or decision by an impartial and independent judicial authority; and

Article 11.24: Transparency

Further to Chapter 19 (Transparency), each Party shall ensure that:

- (a) regulatory decisions, including the basis for such decisions, of its telecommunications regulatory body are promptly published or otherwise made available to all interested persons;

2. Each Party shall accord to financial institutions of the other Party and to investments of investors of the other Party in financial institutions treatment no less favourable than that it accords to its own financial institutions, and to investments of its own investors in financial institutions, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments.

3. For purposes of the national treatment obligations in Article 12.6.1, a Party shall accord to cross-border financial service suppliers of the other Party treatment no less favourable than that it accords to its own financial service suppliers, in like circumstances, with respect to the supply of the relevant service.

Article 12.4: Most-Favoured-Nation Treatment

Each Party shall accord to investors of the other Party, financial institutions of the other Party, investments of investors in financial institutions, and cross-border financial service suppliers of the other Party treatment no less favourable than that it accords to the investors, financial institutions, investments of investors in financial institutions, and cross-border financial service suppliers of a non-Party, in like circumstances.

2. Each Party shall permit persons located in its territory, and its nationals wherever located, to purchase financial services from cross-border financial service suppliers of the other Party located in the territory of the other Party. This obligation does not require a Party to permit such suppliers to do business or solicit in its territory. Each Party may define “doing business” and “solicitation” for purposes of this Article as long as such definitions are not inconsistent with the obligations of paragraph 1.
3. Without prejudice to other means of prudential regulation of cross-border trade in financial services, a Party may require the registration of cross-border financial service suppliers of the other Party and of financial instruments.

Article 12.7: New Financial Services¹²⁻³

1. Each Party shall permit a financial institution of the other Party, on request or notification to the relevant regulator, where required, to supply any new financial service that the first Party would permit its own financial institutions, in like circumstances, to supply under its domestic law, provided that the introduction of the financial service does not require the Party to adopt a new law or modify an existing law.
2. Notwithstanding Article 12.5(b), a Party may determine the institutional and juridical form through which the new financial service may be supplied and may require authorisation for the supply of the service. Where a Party requires authorisation to supply a new financial service, the decision shall be made within a reasonable time and authorisation may only be refused for prudential reasons.

¹²⁻³For greater certainty, a Party may, consistent with Article 12.3, prohibit a particular new financial service.

1. Neither Party may require financial institutions of the other Party to engage individuals of any particular nationality as senior managerial or other essential personnel.
2. Neither Party may require that more than a minority of the board of directors of a financial institution of the other Party be composed of nationals of the Party, persons residing in the territory of the Party, or a combination thereof.

 - (ii) a regional level of government, as set out by that Party in Section 1 of its Schedule to Annex III of non-conforming measures; or
 - (iii) a local level of government.
 - (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

- (ii) on the date of entry into force of the Agreement, with Articles 12.5 and 12.6.

2. Articles 12.3 to 12.6 and Article 12.9 do not apply to any non-conforming measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities, in accordance with Section 2 of its Schedule to Annex III of non-conforming measures.

3. Annex 12-B sets out certain specific commitments by each Party.

4. Where a Party has set out a non-conforming measure to Articles 9.3 (National Treatment – Cross-Border-Trade in Services Chapter), 9.4 (Most-Favoured-Nation Treatment – Cross-Border Trade in Services Chapter), 9.5 (Market Access – Cross-Border Trade in Services Chapter), 10.3 (National Treatment – Investment Chapter), 10.4 (Most-Favoured-Nation Treatment – Investment Chapter), or 10.8 (Senior Management and Boards of Directors – Investment Chapter) in its Schedule to Annex I or Annex II, the non-conforming measure shall be deemed to constitute a non-conforming measure to Articles 12.3, 12.4, 12.5, 12.6 or 12.9, as the case may be, to the extent that the measure, sector, sub-sector or activity set out in the non-conforming measure is covered by this Chapter.

Where such measures do not conform with the provisions of this Agreement referred to in this paragraph, they shall not be used as a means of avoiding the Party's obligations under such provisions.¹²⁻⁵

2. Nothing in this Chapter or, Chapter 9 (Cross-Border Trade in Services), Chapter 10 (Investment), Chapter 11 (Telecommunications), including specifically Article 11.2.2 (Scope and Coverage – Telecommunications Chapter), Chapter 14 (Competition Policy) or Chapter 16 (Electronic Commerce) of this Agreement applies to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations under Article 10.7 (Performance

¹²⁻⁴It is understood that the term “prudential reasons” includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or cross-border financial service suppliers.

Requirements – Investment Chapter) with respect to measures covered by Chapter 10 (Investment), or under Article 10.10 (Transfers – Investment Chapter).

3. Notwithstanding Article 10.10 (Transfers – Investment Chapter), as incorporated into this Chapter, a Party may prevent or limit transfers by a financial institution or cross-border financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory and good faith application of measures relating to maintenance of the safety, soundness, integrity, or financial responsibility of financial institutions or cross-border financial service suppliers. This paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

4. For greater certainty, nothing in this Chapter shall be construed to prevent the adoption or enforcement by a Party of measures necessary to secure compliance with laws or regulations that are not inconsistent with this Chapter, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on investment in financial institutions or cross-border trade in financial services as covered by this Chapter.

Article 12.12: Recognition

1. A Party may recognise prudential measures of a non-Party in the application of measures covered by this Chapter. Such recognition may be:

- (a) accorded autonomously;
- (b) achieved through harmonisation or other means; or
- (c) based upon an agreement or arrangement with the non-Party.

2. A Party according recognition of prudential measures under paragraph 1 shall provide adequate opportunity to the other Party to demonstrate that circumstances exist in which there are or would be equivalent regulation, oversight, implementation of regulation and, if appropriate, procedures concerning the sharing of information between the Parties.

3. Where a Party accords recognition of prudential measures under paragraph 1(c) and the circumstances set out in paragraph 2 exist, the Party shall provide adequate opportunity to the other Party to negotiate accession to the agreement or arrangement, or to negotiate a comparable agreement or arrangement.

Article 12.13: Transparency

1. The Parties recognise that transparent regulations and policies and reasonable, objective and impartial administration governing the activities of financial institutions

and financial service suppliers are important in facilitating both access of financial institutions and financial service suppliers to, and their operations in, each other's markets.

2. Each Party shall ensure that all measures of general application to which this Chapter applies are administered in a reasonable, objective and impartial manner.
3. In lieu of Article 19.3 (Publication – Transparency Chapter), each Party shall, to the extent practicable:
 - (a) publish in advance any regulations of general application relating to the subject matter of this Chapter that it proposes to adopt; and

4. Each Party's regulatory authorities shall make publicly available their requirements, including any documentation required, for completing applications relating to the supply of financial services.
5. On the request of an applicant, a Party's regulatory authority shall inform the applicant of the status of its application. If such authority requires additional information from the applicant, it shall notify the applicant without undue delay.
6. A regulatory authority shall make an administrative decision on a completed application of an investor in a financial institution, a financial institution, or a cross-border financial service supplier of the other Party relating to the supply of a financial service within 120 days, and shall promptly notify the applicant of the decision. An application shall not be considered complete until all relevant hearings are held and all necessary information is received. 7. On the request of an unsuccessful applicant, a regulatory authority that has denied an application shall, to the extent practicable, inform the applicant of the reasons for denial of the application in writing.
8. Each Party shall maintain or establish appropriate mechanisms that will respond to inquiries from interested persons regarding measures of general application covered by this Chapter.
9. Each Party shall ensure that the rules of general application adopted or maintained by self-regulatory organisations of the Party are promptly published or otherwise made available in such a manner as to enable interested persons to become acquainted with them.
10. To the extent practicable, each Party should allow reasonable time between publication of final regulations and their effective date.

11. At the time it adopts final regulations, a Party should, to the extent practicable, address in writing substantive comments received from interested persons with respect to the proposed regulations.

Article 12.15: Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant to financial institutions of the other Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. 2. A Party may request in writing consultations with the other Party regarding any matter on the implementation, interpretation, application or operation of this Chapter.
3. Consultations under this Article shall be headed by officials of the authorities specified in Annex 12-C.
4. Upon initiation of consultations, the Parties shall provide information and give confidential treatment to the information exchanged in accordance with Article 22.5 (Disclosure of Information – General Provisions and Exceptions Chapter).

5. Nothing in this Article shall be construed to require regulatory authorities participating in consultations to disclose information or take any action that would interfere with specific regulatory, supervisory, administrative or enforcement matters.

6. Nothing in this Article shall be construed to require a Party to derogate from its relevant law regarding sharing of information among financial regulators or the requirements of an agreement or arrangement between financial authorities of the Parties.

7. Panelists on panels constituted for disputes arising under this Chapter shall meet the requirements set out in Article 21.7 (Compositions of Arbitral Panels – Dispute Settlement Chapter) and shall also have expertise or experience in financial services law or practice, which may include the regulation of financial institutions.

8. Consistent with Article 21.12 (Non-Implementation – Compensation and Suspension of Concessions or other Obligations – Dispute Settlement Chapter), in any dispute where a panel finds a measure to be inconsistent with the obligations of this Agreement and the measure affects:

- (a) only the financial services sector, the complaining Party may suspend benefits only in the financial services sector;

1. Where an investor of one Party submits a claim under Article 10.16 (Submission of a Claim to Arbitration – Investment Chapter) to arbitration under Section B of Chapter 10 (Investment) against the other Party and the respondent invokes Article 12.11, on the request of the respondent, the tribunal shall refer the matter in writing to the Parties for discussions under Article 12.16. 3. On the request of a Party, the other Party shall endeavour to make available public information concerning:

- (a) the enforcement of its measures proscribing anticompetitive activities;
- (b) its state enterprises, and enterprises with special or exclusive rights, including designated monopolies, provided that requests for such information shall indicate the entities involved, specify the particular goods and/or services and markets concerned, and include indicia that these entities may be engaging in practices that may hinder trade or investment between the Parties; and
- (c) exemptions to its measures proscribing anticompetitive activities, provided that requests for such information shall specify the particular goods and/or services and markets to which the request relates.

4. Any information or documents exchanged between the Parties on a confidential basis pursuant to the provisions of this Chapter shall be kept confidential. Neither Party shall, except to comply with its domestic legal requirements, release or disclose such information or documents to any person without the written consent of the Party which provided such information or documents. Where the disclosure of such information or documents is necessary to comply with the domestic legal requirements of a Party, that Party shall notify the other Party where possible before such disclosure is made or otherwise at the earliest practicable time.

5. The Party providing such confidential information shall furnish non-confidential summaries thereof if requested by the other Party. These summaries shall be in sufficient detail to permit a reasonable understanding of the substance of the information submitted in confidence. When a Party indicates that such confidential information is not susceptible to a public summary and where such information is submitted to a judicial authority, it shall be at the discretion of that judicial authority whether to consider such information.

Article 14.9: Dispute Settlement

1. Neither Party may have recourse to dispute settlement under this Agreement for any matter arising under this Chapter.

2. In the event that a breach of this Chapter by an enterprise exercising any regulatory, administrative or other governmental authority that the Party has delegated to it also constitutes a breach of another Chapter of this Agreement, this Article shall not preclude recourse by a Party to dispute settlement for the breach of the other Chapter by such an enterprise.

Article 14.10: Technical Assistance

The Parties may provide each other technical assistance in order to take advantage of their respective experience and to strengthen the implementation of their competition laws and policies.

Article 15.3: General Obligations

1. Each Party shall ensure that its procuring entities comply with this Chapter in conducting covered procurements.
2. No procuring entity may prepare, design, or otherwise structure or divide, in any stage of the procurement, any procurement in order to avoid the obligations of this Chapter.
3. Each Party shall apply to covered procurements of goods the rules of origin that it applies in the normal course of trade to those goods.

Article 15.4: National Treatment and Non-Discrimination

1. Each Party shall accord to the goods, services and suppliers of the other Party treatment no less favourable than the most favourable treatment the Party accords to its own goods, services and suppliers.
2. Neither Party may:
 - (a) treat a locally established supplier less favourably than another locally established supplier on the basis of degree of foreign affiliation or ownership; or
 - (b) discriminate against a locally established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of the other Party.
3. For greater clarity, all orders under contracts awarded for covered procurement, such as framework agreements or panel arrangements shall be subject to paragraphs 1 and 2.
4. The provisions of paragraphs 1 and 2 shall not apply to measures concerning customs duties and other charges of any kind imposed on, or in connection with, importation, the method of levying such duties and charges or other import regulations, including restrictions and formalities, and measures affecting trade in services other than measures governing covered procurement.

Article 15.5: Valuation of Contracts

1. In estimating the value of a procurement for the purpose of ascertaining whether it is a covered procurement, a procuring entity shall:
 - (a) take into account all forms of remuneration, including any premiums, fees, commissions, interest, other revenue streams that may be provided for under the contract and, where the procurement provides for the possibility of option clauses, the maximum total value of the procurement, inclusive of optional purchases; and
 - (b) without prejudice to paragraph 2, where the procurement is to be conducted in multiple parts, with contracts to be awarded at the same time or over a given period to one or more suppliers, base its calculation on the total maximum value of the procurement over its entire duration.
2. In the case of procurement by lease, rental, or hire purchase of goods or services, or procurement for which a total price is not specified, a procuring entity shall estimate the value on the basis of objective criteria or apply the following basis of valuation:

- (a) in the case of a fixed-term contract:
 - (i) where the term of the contract is 12 months or less, the total estimated maximum value for its duration; or
 - (ii) where the term of the contract exceeds 12 months, the total estimated maximum value, including any estimated residual value;
 - (b) where the contract is for an indefinite period, the estimated monthly instalment multiplied by 48; and
 - (c) where it is not certain whether the contract is to be a fixed-term contract subparagraph (b) shall be used.
3. Where the total estimated maximum value of a procurement over its entire duration is not known the procurement shall be a covered procurement, unless otherwise excluded under this Agreement.

Article 15.6: Prohibition of Offsets

A Party shall not seek, take account of, impose, or enforce offsets at any stage of a covered procurement.

Article 15.7: Publication of Procurement Measures

Each Party shall promptly publish its procurement laws, regulations, procedures and policy guidelines of general application relating to covered procurements, and any changes or additions to this information.

Article 15.8: Publication of Notice of Intended Procurement

1. In an open tendering procedure, a procuring entity shall publish a notice inviting interested suppliers to submit tenders (“notice of intended procurement”) in such a way as to be readily accessible to any interested supplier of the other Party for the entire period established for tendering.
2. Each notice of intended procurement shall include a description of the intended procurement, any conditions that suppliers must fulfil to participate in the procurement, the name of the procuring entity, the address where suppliers may obtain all documents relating to the procurement and the time limits for submission of tenders.
3. Where, in a selective tendering procedure, a procuring entity publishes a notice inviting applications for participation in a procurement, that notice shall be published in such a way as to be readily accessible to any interested supplier of the other Party.

Article 15.9: Procurement Plans

Each Party shall encourage its procuring entities to publish, prior to, or as early as possible in, each fiscal year, a notice regarding their procurement plans for that fiscal year that includes a description of each planned procurement and indicate the expected time of commencement of the related tender process.

Article 15.10: Time Limits

1. A procuring entity shall prescribe time limits for tendering that allow sufficient time for suppliers to prepare and submit responsive tenders, taking into account the nature and complexity of the procurement and the efficient operation of the procurement process. The time allowed for the submission of tenders shall not be set with the intention of causing a competitive disadvantage for suppliers of the other Party, or suppliers offering goods or services of the other Party, in submitting tenders in accordance with the requirements set out in the tender documentation.

2. Except as provided for in paragraphs 3 and 4, a procuring entity shall provide that the final date for the submission of tenders shall not be less than 30 days:

- (a) from the date on which the notice of intended procurement is published; or
- (b) where the procuring entity has used selective tendering, from the date on which the entity invites suppliers to submit tenders.

3. Under the following circumstances, a procuring entity may establish a time limit for tendering that is less than 30 days, provided that such time limit is sufficiently long to enable suppliers to prepare and submit responsive tenders and is in no case less than 10 days:

- (a) where the procuring entity published a separate notice, including a notice of planned procurement under Article 15.9 at least 30 days and not more than 12 months in advance, and such separate notice contains:
 - (i) a description of the procurement;
 - (ii) the time limits for the submission of tenders or, where appropriate, applications for participation in a procurement; and
 - (iii) the address from which documents relating to the procurement may be obtained;
- (b) where the procuring entity procures commercial goods or services that are sold or offered for sale to, and customarily purchased and used by, non-governmental buyers for non-governmental purposes, including

goods and services with modifications customary in the commercial marketplace, as well as minor modifications not customarily available in the commercial marketplace;

- (c) in the case of second or subsequent publication of notices for procurement of a recurring nature;
- (d) where a state of urgency duly substantiated by the procuring entity renders impracticable the time limits specified in paragraph 2; or
- (e) when the intended procurement is for goods or services which can be easily and objectively specified and which reasonably imply less effort in the preparation and submission of responsive tenders.

4. A procuring entity may reduce the time limit for submission of a tender by up to five days when it:

- (a) publishes a notice of intended procurement in an electronic medium; or
- (b) in the context of a selective tendering procedure, issues an invitation to tender via an electronic medium;

and provides, to the extent practicable, the tender documentation via an electronic medium.

5. The application of paragraph 4 shall in no case result in the time limit for submissions being reduced to less than 10 days.

6. A procuring entity shall require all participating suppliers to submit tenders in accordance with a common deadline.

Article 15.11: Tender Documentation

1. A procuring entity shall provide on request to any supplier participating in a covered procurement or promptly publish, tender documentation that includes all the information necessary to permit suppliers to prepare and submit responsive tenders. The documentation shall include all criteria that the procuring entity will consider in awarding the contract.

2. Where a procuring entity, during the course of a covered procurement, modifies a notice or tender documentation provided to participating suppliers, it shall publish or transmit all such modifications in writing:

- (a) to all suppliers that are participating in the procurement at the time the notice or tender documentation is modified, if the identities of such suppliers are known, and in all other cases, in the same manner as the original information was transmitted; and

- (b) in adequate time to allow such suppliers to modify and re-submit their tenders, as appropriate.
- 3. A procuring entity shall promptly reply to any reasonable request for relevant information by a supplier participating in the procurement. A procuring entity may establish a reasonable time limit to request the relevant information.
- 4. Procuring entities shall not provide information with regard to a specific procurement in a manner which would have the effect of giving a potential supplier an unfair advantage over competitors.

Article 15.12: Technical Specifications

- 1. A procuring entity shall not prepare, adopt or apply any technical specification with the purpose or the effect of creating unnecessary obstacles to trade between the Parties.
- 2. In prescribing the technical specifications for the good or service being procured, a procuring entity shall:
 - (a) specify the technical specifications, wherever appropriate, in terms of performance and functional requirements, rather than design or descriptive characteristics; and
 - (b) base the technical specifications on relevant international standards, where such exist and are applicable to the procuring entity, except where the use of an international standard would fail to meet the procuring entity's program requirements or would impose greater burdens than the use of a recognised national standard.
- 3. A procuring entity shall not prescribe technical specifications that require or refer to a particular trade mark or trade name, patent, copyright, design or type, specific origin or producer or supplier, unless there is no other sufficiently precise or intelligible way of otherwise describing the procurement requirements and provided that, in such cases, words such as "or equivalent" are included in the tender documentation.
- 4. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in that procurement.
- 5. Notwithstanding paragraph 4, a procuring entity may:
 - (a) conduct market research in developing specifications for a particular procurement; or
 - (b) allow a supplier that has been engaged to provide design or consulting services to participate in procurements related to such services;

provided it would not give any supplier an unfair advantage over other suppliers.

6. For greater clarity, this Article is not intended to preclude a procuring entity from preparing, adopting, or applying technical specifications to promote the conservation of natural resources and the environment.

Article 15.13: Conditions for Participation

1. A Party shall limit any conditions for participation in a covered procurement to those that ensure the supplier's capability to fulfil the requirements of the procurement.

2. In assessing whether a supplier satisfies the conditions for participation, a Party:

- (a) shall evaluate the capabilities of a supplier on the basis of that supplier's business activities both inside and outside the territory of the Party of the procuring entity;
- (b) shall base its determination solely on the conditions that a procuring entity has specified in advance in notices or tender documentation;
- (c) may not impose the condition that, in order for a supplier to participate in a procurement, the supplier has previously been awarded one or more contracts by a procuring entity of that Party or that the supplier has prior work experience in the territory of that Party; and
- (d) may require prior experience where relevant to meet the requirements of the procurement.

3. Nothing in this Article shall preclude a Party from excluding a supplier from a procurement on grounds such as:

- (a) bankruptcy;
- (b) false declarations; or
- (c) significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract.

4. Where a Party requires suppliers to register or pre-qualify before being permitted to participate in a covered procurement that Party shall ensure that a notice inviting suppliers to apply for registration or pre-qualification is published sufficiently in advance of the procurement to allow for interested suppliers, including suppliers of the other Party, to initiate and, to the extent that it is compatible with the efficient operation of the procurement process, complete the registration or qualification procedures.

5. The process of, and the time required for, registering or qualifying suppliers shall not be used in order to prevent or delay the inclusion of suppliers of the other Party on a list of suppliers or prevent such suppliers from being considered for a particular procurement.

6. A Party may establish a multi-use list provided that it publishes, annually or continuously, a notice inviting interested suppliers to apply for inclusion on the list. The notice shall include:

- (a) a description of the goods and services, or categories thereof, for which the list may be used;
- (b) the requirements to be satisfied by suppliers;
- (c) the name and address of the procuring entity or other government agency and other information necessary to contact the procuring entity and obtain all relevant documents relating to the list; and
- (d) deadlines for submission of applications for inclusion on that list, where applicable.

7. A Party that maintains a multi-use list shall include on the list all suppliers that satisfy the requirements set out in the notice referred to in paragraph 6 within a reasonably short time.

Article 15.14: Tendering Procedures

1. A procuring entity shall only use open or selective tendering procedures consistent with the provisions of this Chapter, except as provided for in Article 15.15.

2. A procuring entity may use selective tendering procedures in accordance with Article 15.4 and the procurement laws, regulations, procedures and policies of its Party.

3. To ensure effective competition under selective tendering procedures, a procuring entity shall invite tenders from the largest number of domestic suppliers and suppliers of the other Party that is consistent with the efficient operation of the procurement system. It shall select the suppliers to participate in the procedure in a fair and non-discriminatory manner.

Article 15.15: Limited Tendering

1. Provided that it does not use this provision for the purpose of avoiding competition, to protect domestic suppliers or in a manner that discriminates against suppliers of the other Party, a procuring entity may use limited tendering procedures.

2. When a procuring entity applies limited tendering it may choose, according to the nature of the procurement, not to apply Articles 15.8, 15.10, 15.11, 15.12, 15.13, 15.14, 15.16.1 and 15.16.3 to 15.16.6. A procuring entity may use limited tendering only under the following circumstances:

- (a) where, in response to a prior notice, invitation to participate, or invitation to tender:
 - (i) no tenders were submitted or no suppliers requested participation;
 - (ii) no tenders were submitted that conform to the essential requirements in the tender documentation; or
 - (iii) no suppliers satisfied the conditions for participation;and the procuring entity does not substantially modify the essential requirements of the procurement;
- (b) where, for works of art, or for reasons connected with the protection of exclusive rights, such as patents or copyrights, or proprietary information, or where there is an absence of competition for technical reasons, the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute exists;
- (c) for additional deliveries by the original supplier or its authorised agent that are intended either as replacement parts, extensions, or continuing services for existing equipment, software, services or installations, where a change of supplier would compel the procuring entity to procure goods or services not meeting requirements of interchangeability with existing equipment, software, services, or installations;
- (d) for goods purchased on a commodity market;
- (e) where a procuring entity procures a prototype or a first good or service that is intended for limited trial or developed at its request in the course of, and for, a particular contract for research, experiment, study, or original development;
- (f) where additional construction services that were not included in the initial contract but that were within the objectives of the original tender documentation have, due to unforeseen circumstances, become necessary to complete the construction services described therein. However, the total value of contracts awarded for additional construction services may not exceed 50 per cent of the amount of the initial contract;
- (g) for new construction services consisting of the repetition of similar construction services that conform to a basic project for which an

initial contract was awarded following use of open tendering or selective tendering in accordance with this Chapter, and for which the procuring entity has indicated in the notice of intended procurement concerning the initial construction service that limited tendering procedures might be used in awarding contracts for such new construction services;

- (h) for purchases made under exceptionally advantageous conditions that only arise in the very short term, such as from unusual disposals, unsolicited innovative proposals, liquidation, bankruptcy or receivership and not for routine purchases from regular suppliers;
- (i) where a contract is awarded to the winner of a design contest provided that:
 - (i) the contest has been organised in a manner that is consistent with this Chapter, and
 - (ii) the contest is judged by an independent jury with a view to a design contract being awarded to the winner; or
- (j) in so far as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseen by the procuring entity, the goods or services could not be obtained in time by means of an open or selective tendering procedure.

3. A procuring entity shall maintain a record or prepare a written report providing specific justification for any contract awarded by means other than open or selective tendering procedures, as provided for in this Article.

Article 15.16: Treatment of Tenders and Awarding of Contracts

1. A procuring entity shall receive and open all tenders under procedures that guarantee the fairness and impartiality of the procurement process.
2. A procuring entity shall treat all tenders in confidence to the extent permitted by its domestic law. In particular, it shall not provide information to particular suppliers that might prejudice fair competition between suppliers.
3. A procuring entity shall not penalise any supplier whose tender is received after the time specified for receiving tenders if the delay is due solely to mishandling on the part of the procuring entity.
4. A procuring entity shall require that in order to be considered for award, a tender must be submitted in writing and must, at the time it is submitted, conform to the essential requirements of the tender documentation.
5. Unless a procuring entity determines that it is not in the public interest to award a contract, it shall award the contract to the supplier that the procuring entity

has determined to satisfy the conditions for participation and whose tender is determined to be the most advantageous or best value for money, in accordance with the requirements and evaluation criteria specified in the notices and tender documentation.

6. A procuring entity shall not cancel a procurement or modify awarded contracts in order to avoid the obligations of this Chapter.

Article 15.17: Information on Awards

1. A procuring entity shall promptly inform suppliers participating in a tendering procedure of its contract award decision. On request, a procuring entity shall provide a supplier whose tender was not selected for award the reasons for not selecting its tender.

2. Each Party shall require its procuring entities either to promptly publish, or to publish no later than 60 days after award of a contract, a notice that includes at least the following information about the award:

- (a) the name of the procuring entity;
- (b) a description of the goods or services procured;
- (c) the value of the contract award; and
- (d) the name of the winning supplier.

3. A procuring entity shall maintain records and reports of tendering procedures relating to covered procurements, including the reports provided for in Article 15.15.3, and shall retain such records and reports for a period of at least three years.

Article 15.18: Domestic Review of Supplier Challenges

1. Each Party shall maintain at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review, in a non-discriminatory, timely, transparent and effective manner, complaints that suppliers submit, in accordance with the Party's law, relating to a covered procurement. Where such an authority is not a court it shall either be subject to judicial review or shall have procedural guarantees similar to those of a court.

2. Each Party shall make information on complaint mechanisms generally available.

Article 15.19: Modifications and Rectifications

1. A Party may modify its coverage under this Chapter provided that it:

- (a) notifies the other Party in writing and simultaneously offers acceptable compensatory adjustments to the other Party to maintain a level of coverage comparable to that existing prior to the modification, except as provided in paragraphs 2 and 3; and
 - (b) the other Party does not object in writing within 30 days of the notification.
2. Each Party may make rectifications of a purely formal nature to its coverage under this Chapter, or minor amendments to its Schedule in Annex 15-A provided that it notifies the other Party in writing and the other Party does not object in writing within 30 days of the notification. A Party that makes such a rectification or minor amendment need not provide compensatory adjustments.
3. A Party need not provide compensatory adjustments in those circumstances where the Parties agree that the proposed modification covers an entity over which a Party has effectively eliminated its control or influence. Where the Parties do not agree that such government control or influence has been effectively eliminated, the objecting Party may request further information or consultations with a view to clarifying the nature of any government control or influence and reaching agreement on the entity's continued coverage under this Chapter.
4. Where appropriate, the Joint FTA Committee shall adopt the modification, rectification or minor amendment notified by the Party concerned.

Article 15.20: Confidential Information

When a person of a Party makes available confidential information to the other Party or its procuring entities, the latter Party shall ensure that such information is kept confidential and is not used for a purpose other than that for which it was made available. However, disclosure of confidential information may occur where a Party or its procuring entities are required to make disclosure under its domestic law or where disclosure is authorised by the person that furnished the information.

Article 15.21: Encouraging use of Electronic Communications in Procurement

1. The Parties shall seek to provide opportunities for government procurement to be undertaken through the Internet or a comparable computer-based telecommunications network.
2. In order to facilitate commercial opportunities for their suppliers under this Chapter, each Party shall maintain a single electronic portal for accessing information on government procurement supply opportunities in its territory and on measures relating to government procurement.
3. The Parties shall encourage, to the extent possible, the use of electronic means for the provision of tender documents and receipt of tenders.

4. The Parties shall ensure that policies and procedures adopted for the use of electronic means in procurement:
 - (a) protect documentation from unauthorised and undetected alteration; and
 - (b) provide appropriate levels of security for data on, and passing through, the procuring entity's network.
5. Each Party shall encourage its procuring entities to publish the notices covered by Article 15.9 on a website accessible through the electronic portal referred to in paragraph 2.

Article 15.22: Ensuring Integrity in Procurement Practices

Each Party shall ensure that criminal or administrative penalties exist to address corruption in its government procurement, and that its entities have in place policies and procedures to eliminate, to the extent possible, any potential conflict of interest on the part of those engaged in or having influence over a procurement.

Article 15.23: Exceptions

1. Provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between Parties where the same conditions prevail or a disguised restriction on trade between the Parties, nothing in this Chapter shall be construed to prevent a Party from adopting or maintaining measures:
 - (a) necessary to protect public morals, order or safety;
 - (b) necessary to protect human, animal, or plant life or health;
 - (c) necessary to protect intellectual property; or
 - (d) relating to goods or services of handicapped persons, of philanthropic or not for profit institutions, or of prison labour.
2. The Parties understand that subparagraph (b) includes environmental measures necessary to protect human, animal, or plant life or health.
3. Further to Article 22.2 (Security Exceptions – General Provisions and Exceptions Chapter), nothing in this Chapter shall be construed to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests relating to government procurement indispensable for national security or for national defence purposes.

Article 15.24: Consultations on Government Procurement

1. Each Party shall use the contact point referred in Chapter 19 (Transparency). The contact point shall be included in all communications between the Parties made pursuant to this Article.
2. For the purpose of this Article each Party shall reply to any request from the other party for an explanation of any matter relating to the application of this Chapter, including matters related to its procurement laws, regulations and policy guidelines.
3. The Parties shall exchange information relating to the development and use of electronic communication in government procurement systems, shall exchange statistics and other information; and shall make efforts to increase understanding of their respective government procurement systems. The Parties shall also exchange information on their respective approaches to maximise access for small and medium enterprises to the government procurement market.
4. As provided for in Article 15.19, each Party shall inform the other Party of any developments which may modify its coverage under this Chapter.

Article 15.25: Further Negotiations

On request of either Party, the Parties shall enter into negotiations with a view to extending coverage under this Chapter on a reciprocal basis, if a Party provides, through an international agreement entered into after entry into force of this Agreement, access to its procurement market for suppliers of a non-Party beyond what it provides under this Agreement to suppliers of the other Party.

Annex 15-A

 - (a) for procurement of goods and services:
A\$87,000 or CLP\$35,911,000

2. The establishment of an arbitral panel shall not be requested on any matter relating to a proposed measure.
3. Any request to establish an arbitral panel pursuant to this Article shall identify:
 - (a) the specific measure at issue;
 - (b) the legal basis of the complaint including any provision of this Agreement alleged to have been breached and any other relevant provisions; and
 - (c) the factual basis for the complaint.
4. The panel shall be established and perform its functions in a manner consistent with the provisions of this Chapter.
5. The date of the establishment of an arbitral panel shall be the date on which the chair is appointed.

Article 21.6: Terms of Reference of Arbitral Panels

Unless the Parties otherwise agree within 20 days from the date of receipt of the request for the establishment of the arbitral panel, the terms of reference of the arbitral panel shall be:

“To examine, in the light of the relevant provisions of this Agreement, the matter referred to in the request for the establishment of an arbitral panel pursuant to Article 21.5, to make findings of law and fact and determinations on whether the measure is not in conformity with the Agreement or is causing nullification or impairment in the sense of Article 21.1(c) together with the reasons therefore, and to issue a written report for the resolution of the dispute. If the Parties agree, the arbitral panel may make recommendations for resolution of the dispute.”

Article 21.7: Composition of Arbitral Panels

1. An arbitral panel shall comprise three panelists.
2. Each Party shall, within 30 days after the date of receipt of the request for the establishment of an arbitral panel, appoint one panelist who may be its national and propose up to three candidates to serve as the third panelist who shall be the chair of the arbitral panel. The third panelist shall not be a national of either Party, nor have

his or her usual place of residence in either Party, nor be employed by either Party, nor have dealt with the dispute in any capacity.

3. The Parties shall agree on and appoint the third panelist within 45 days after the date of receipt of the request for the establishment of an arbitral panel, taking into account the candidates proposed pursuant to paragraph 2.

4. If a Party has not appointed a panelist pursuant to paragraph 2 or if the Parties fail to agree on and appoint the third panelist pursuant to paragraph 3, the panelist or panelists not yet appointed shall be chosen within seven days by lot from the candidates proposed pursuant to paragraph 2.

5. All panelists shall:

- (a) have expertise or experience in law, international trade or other matters covered by this Agreement;
- (b) be chosen strictly on the basis of objectivity, reliability and sound judgment;
- (c) be independent of, and not be affiliated with or receive instructions from, the government of either Party; and
- (d) comply with a code of conduct, to be provided in the Rules of Procedure referred to in Article 21.13.

6. If a panelist appointed under this Article dies, becomes unable to act or resigns, a successor shall be appointed within 15 days in accordance with the appointment procedure provided for in paragraphs 2, 3 and 4, which shall be applied, respectively, *mutatis mutandis*. The successor shall have all the powers and duties of the original panelist. The work of the arbitral panel shall be suspended for a period beginning on the date the original panelist dies, becomes unable to act or resigns. The work of the arbitral panel shall resume on the date the successor is appointed.

Article 21.8: Proceedings of Arbitral Panels

1. The arbitral panel shall meet in closed session except when meeting with the Parties. Panel meetings with the Parties shall be open to the public except where information designated as confidential by a Party is being discussed.

2. The Parties shall be given the opportunity to provide at least one written submission and to attend any of the presentations, statements or rebuttals in the proceedings. All information or written submissions submitted by a Party to the arbitral panel, including any comments on the draft report and responses to questions put by the arbitral panel, shall be made available to the other Party.

3. The arbitral panel should consult with the Parties as appropriate and provide adequate opportunities for the development of a mutually satisfactory resolution.

4. The arbitral panel shall aim to make its decisions, including its report, by consensus but may also make its decisions, including its report, by majority vote.
5. After notifying the Parties, and subject to such terms and conditions as the Parties may agree if any within 10 days, the arbitral panel may seek information from any relevant source and may consult experts to obtain their opinion or advice on certain aspects of the matter. The panel shall provide the Parties with a copy of any advice or opinion obtained and an opportunity to provide comments.
6. The deliberations of the arbitral panel and the documents submitted to it shall be kept confidential.
7. Notwithstanding paragraph 6, either Party may make public statements as to its views regarding the dispute, but shall treat as confidential, information and written submissions submitted by the other Party to the arbitral panel which that other Party has designated as confidential. Where a Party has provided information or written submissions designated to be confidential, that Party shall, within 28 days of a request of the other Party, provide a non-confidential summary of the information or written submissions which may be disclosed publicly.
8. Each Party shall bear the cost of its appointed panelist and its own expenses. The cost of the chair of an arbitral panel and other expenses associated with the conduct of the proceedings shall be borne by the Parties in equal shares.

Article 21.9: Suspension or Termination of Proceedings

1. The Parties may agree that the arbitral panel suspend its work at any time for a period not exceeding 12 months from the date of such agreement. In the event of such a suspension, the time-frames set out in paragraphs 2, 5 and 7 of Article 21.10 and paragraph 7 of Article 21.12 shall be extended by the amount of time that the work was suspended. If the work of the arbitral panel has been suspended for more than 12 months, the authority for establishment of the arbitral panel shall lapse unless the Parties agree otherwise.
2. The Parties may agree to terminate the proceedings of the arbitral panel by jointly so notifying the chair of the arbitral panel at any time before the issuance of the report to the Parties.

Article 21.10: Report

1. The report of the arbitral panel shall be drafted without the presence of the Parties. The panel shall base its report on the relevant provisions of this Agreement and the submissions and arguments of the Parties, and may take into account any other relevant information provided to the panel.
2. The arbitral panel shall, within 180 days, or within 60 days in cases of urgency, including those which concern perishable goods, after the date of its establishment, submit to the Parties its draft report.

3. The draft report shall contain both the descriptive part summarising the submissions and arguments of the Parties and the findings and determinations of the arbitral panel. If the Parties agree, the arbitral panel may make recommendations for resolution of the dispute in its report. The findings and determinations of the panel and, if applicable, any recommendations cannot add to or diminish the rights and obligations of the Parties provided in this Agreement.
4. When the arbitral panel considers that it cannot submit its draft report within the aforementioned 180 or 60 day period, it may extend that period with the consent of the Parties.
5. A Party may provide written comments to the arbitral panel on its draft report within 15 days after the date of submission of the draft report.
6. After considering any written comments on the draft report, the arbitral panel may reconsider its draft report and make any further examination it considers appropriate.
7. The arbitral panel shall issue its final report, within 30 days after the date of submission of the draft report. The report shall include any separate opinions on matters not unanimously agreed, not disclosing which panelists are associated with majority or minority opinions.
8. The final report of the arbitral panel shall be available to the public within 15 days after the date of issuance, subject to the requirement to protect confidential information.
9. The report of the arbitral panel shall be final and binding on the Parties.

Article 21.11: Implementation of the Report

1. Unless the Parties agree otherwise, the Party complained against shall eliminate the non-conformity or the nullification or impairment in the sense of Article 21.1(c) as determined in the report of the arbitral panel, immediately, or if this is not practicable, within a reasonable period of time.
2. The Parties shall continue to consult at all times on the possible development of a mutually satisfactory resolution.
3. The reasonable period of time referred to in paragraph 1 shall be mutually determined by the Parties. Where the Parties fail to agree on the reasonable period of time within 45 days after the date of issuance of the report of the arbitral panel referred to in Article 21.10, either Party may refer the matter to an arbitral panel as provided for in Article 21.12.7, which shall determine the reasonable period of time.
4. Where there is disagreement between the Parties as to whether the Party complained against eliminated the non-conformity or the nullification or impairment in the sense of Article 21.1(c) as determined in the report of the arbitral panel within

the reasonable period of time as determined pursuant to paragraph 3, either Party may refer the matter to an arbitral panel as provided for in Article 21.12.7.

Article 21.12: Non-Implementation – Compensation and Suspension of Concessions or other Obligations

1. If the Party complained against notifies the complaining Party that it is impracticable, or the arbitral panel to which the matter is referred pursuant to Article 21.11.4 confirms that the Party complained against has failed to eliminate the non-conformity or the nullification or impairment in the sense of Article 21.1(c) as determined in the report of the arbitral panel within the reasonable period of time as determined pursuant to Article 21.11.3, the Party complained against shall, if so requested, enter into negotiations with the complaining Party with a view to reaching mutually satisfactory compensation.
2. If there is no agreement on satisfactory compensation within 20 days after the date of receipt of the request mentioned in paragraph 1, the complaining Party may suspend the application to the Party complained against of concessions or other obligations under this Agreement, after giving notification of such suspension 30 days in advance. Such notification may only be given 20 days after the date of receipt of the request mentioned in paragraph 1.
3. The compensation referred to in paragraph 1 and the suspension referred to in paragraph 2 shall be temporary measures. Neither compensation nor suspension is preferred to full elimination of the non-conformity or the nullification or impairment in the sense of Article 21.1(c) as determined in the report of the arbitral panel. The suspension shall only be applied until such time as the non-conformity or the nullification or impairment in the sense of Article 21.1(c) is fully eliminated, or a mutually satisfactory solution is reached.
4. In considering what concessions or other obligations to suspend pursuant to paragraph 2:
 - (a) the complaining Party should first seek to suspend concessions or other obligations with respect to the same sector(s) as that in which the report of the arbitral panel referred to in Article 21.10 has found a failure to comply with the obligations under this Agreement, or nullification or impairment of benefits in the sense of Article 21.1(c); and
 - (b) if the complaining Party considers that it is not practicable or effective to suspend concessions or other obligations with respect to the same sector(s), it may suspend concessions or other obligations with respect to other sectors. The notification of such suspension pursuant to paragraph 2 shall indicate the reasons on which it is based.
5. The level of suspension referred to in paragraph 2 shall be equivalent to the level of the nullification or impairment.

6. If the Party complained against considers that the requirements for the suspension of concessions or other obligations by the complaining Party set out in paragraph 2, 3, 4 or 5 have not been met, it may refer the matter to an arbitral panel.

7. The arbitral panel that is established for the purposes of this Article or Article 21.11 shall have, wherever possible, as its panelists, the panelists of the original arbitral panel. If this is not possible, then the panelists to the arbitral panel that is established for the purposes of this Article or Article 21.11 shall be appointed pursuant to Article 21.7. The arbitral panel established under this Article or Article 21.11 shall issue its report within 60 days after the date when the matter is referred to it. When the arbitral panel considers that it cannot issue its report within the aforementioned 60 day period, it may extend that period for a maximum of 30 days with the consent of the Parties. The report shall be available to the public within 15 days after the date of issuance, subject to the requirement to protect confidential information. The report shall be final and binding on the Parties.

Article 21.13: Rules of Procedure

The Joint FTA Committee shall adopt the Rules of Procedure which provide for the details of the rules and procedures of arbitral panels established under this Chapter, upon the entry into force of this Agreement. Unless the Parties otherwise agree, the arbitral panel shall follow the rules of procedure adopted by the Joint FTA Committee and may, after consulting the Parties, adopt additional rules of procedure not inconsistent with the rules adopted by the Joint FTA Committee.

Article 21.14: Application and Modification of Rules and Procedures

Any time period or other rules and procedures for arbitral panels provided for in this Chapter, including the Rules of Procedure referred to in Article 21.13, may be modified by mutual consent of the Parties. The Parties may also agree at any time not to apply any provision of this Chapter.

Chapter 22

General Provisions and Exceptions

Article 22.1: General Exceptions

1. For the purposes of Chapters 3 to 7 (National Treatment and Market Access for Goods, Rules of Origin, Customs Administration, Sanitary and Phytosanitary Measures, and Technical Regulations, Standards and Conformity Assessment Procedures), GATT 1994 Article XX and its interpretative notes are incorporated into and made part of this Agreement, *mutatis mutandis*. The Parties understand that the measures referred to in GATT 1994 Article XX(b) include environmental measures necessary to protect human, animal, or plant life or health, and that GATT 1994 Article XX(g) applies to measures relating to the conservation of living and nonliving exhaustible natural resources.
2. For the purposes of Chapters 9, 11 and 16 (Cross-Border Trade in Services, Telecommunications and Electronic Commerce²²⁻¹), GATS Article XIV (including its footnotes) is incorporated into and made part of this Agreement, *mutatis mutandis*. The Parties understand that the measures referred to in GATS Article XIV(b) include environmental measures necessary to protect human, animal, or plant life or health.
3. Nothing in this Agreement shall be construed to prevent a Party from taking action authorised by the Dispute Settlement Body of the WTO. A Party taking such action shall inform the Joint FTA Committee to the fullest extent possible of measures taken and of their termination.

Article 22.2: Security Exceptions

1. Nothing in this Agreement shall be construed:
 - (a) to require a Party to furnish any information the disclosure of which it considers contrary to its essential security interests;
 - (b) to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:
 - (i) relating to fissionable and fusionable materials or the materials from which they are derived;
 - (ii) relating to the traffic in arms, ammunition and implements of war and to such traffic in other goods and materials, or relating to the supply of services, as carried on directly or indirectly for the purpose of supplying or provisioning a military establishment; or

²²⁻¹This Article is without prejudice to whether electronic transmissions should be classified as goods or services.

- (iii) taken in time of war or other emergency in international relations; or
 - (c) to prevent a Party from taking any action in pursuance of its obligations under the United Nations Charter for the maintenance of international peace and security.
- 2. A Party taking action under paragraphs 1(b) and (c) shall inform the Joint FTA Committee to the fullest extent possible of measures taken and of their termination.

Article 22.3: Taxation

- 1. Except as set out in this Article, nothing in this Agreement shall apply to taxation measures.
- 2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax treaty. In the event of any inconsistency between this Agreement and any such treaty, that treaty shall prevail to the extent of the inconsistency. In the case of a tax treaty between the Parties, the competent authorities under that treaty shall have sole responsibility for determining whether any inconsistency exists between this Agreement and that treaty.
- 3. Notwithstanding paragraph 2, the following Articles shall apply to taxation measures:
 - (a) Article 3.3 (National Treatment – National Treatment and Market Access for Goods Chapter), and such other provisions of this Agreement as are necessary to give effect to that Article, to the same extent as does GATT 1994 Article III; and
 - (b) Article 3.11 (Export Taxes – National Treatment and Market Access for Goods Chapter).
- 4. Subject to paragraph 2, the following Articles shall apply to taxation measures:
 - (a) Article 9.3 (National Treatment – Cross-Border Trade in Services Chapter) and Article 12.3 (National Treatment – Financial Services Chapter), only where the taxation measure is a direct tax that relates to the purchase or consumption of particular services, except that nothing in this sub-paragraph shall prevent a Party from conditioning the receipt or continued receipt of an advantage relating to the purchase or consumption of particular services on requirements to provide the service in its territory;
 - (b) Article 9.3 (National Treatment – Cross-Border Trade in Services Chapter), Article 9.4 (Most-Favoured-Nation Treatment – Cross-Border Trade in Services Chapter), Article 10.3 (National Treatment – Investment Chapter), Article 10.4 (Most-Favoured-Nation Treatment –

Investment Chapter), Article 12.3 (National Treatment – Financial Services Chapter), and Article 12.4 (Most-Favoured-Nation Treatment – Financial Services Chapter), only where the taxation measure is an indirect tax; and

- (c) Without prejudice to the rights and obligations of the Parties under paragraph 3, Articles 10.7.2, 10.7.3 and 10.7.4 (Performance Requirements – Investment Chapter);

except that nothing in those Articles shall apply:

- (d) any most-favoured-nation obligation in this Agreement with respect to an advantage accorded by a Party pursuant to a tax treaty;
- (e) to a non-conforming provision of any existing taxation measure;
- (f) to the continuation or prompt renewal of a non-conforming provision of any existing taxation measure;
- (g) to an amendment to a non-conforming provision of any existing tax measure to the extent that the amendment does not decrease its conformity, at the time of the amendment, with any of those Articles²²⁻²;
- (h) to the adoption of any non-conforming provision of a taxation measure which is substantially similar to an existing non-conforming provision of the other Party;
- (i) to the adoption or enforcement of any taxation measure aimed at ensuring the equitable or effective imposition or collection of taxes; or
- (j) to a provision that conditions the receipt, or continued receipt of an advantage relating to the contributions to, or income of, a pension trust, superannuation fund or other arrangement to provide pension, superannuation or similar benefits on a requirement that the Party maintains continuous jurisdiction, regulation or supervision over such trust, fund or other arrangement.

5. Article 10.11 (Expropriation and Compensation – Investment Chapter), Article 10.16 (Submission of a Claim to Arbitration – Investment Chapter) and Chapter 21 (Dispute Settlement) shall apply to a taxation measure alleged to be an expropriation. However, no investor may invoke Article 10.11 (Expropriation and Compensation – Investment Chapter) as the basis of a claim where it has been determined pursuant to this paragraph that the measure is not an expropriation. An investor that seeks to invoke Article 10.11 (Expropriation and Compensation – Investment Chapter) with respect to a taxation measure must first refer to the designated authorities at the time that it gives its notice of intent under Article 10.16 (Submission of a Claim to Arbitration – Investment Chapter) the issue of whether that taxation measure involves an expropriation. If the designated authorities do not agree to consider the issue or,

²²⁻² For greater certainty, such an amendment may include the adoption of an excise tax on insurance premiums in place of an income tax on insurance premiums.

having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six months of such referral, the investor may submit its claim to arbitration under Article 10.16 (Submission of a Claim to Arbitration – Investment Chapter).

6. For the purposes of this Article, “taxation measure” means any measure relating to direct or indirect taxes, but does not include:

- (i) a customs duty; or
- (ii) the measures listed in exceptions (iii) and (iv) of the definition of customs duty in Article 2.1(d).

7. For the purposes of paragraph 4, “designated authority” means:

- (i) in the case of Australia, the Secretary to the Treasury or its successor, or an authorised representative of the Secretary; and
- (ii) in the case of Chile, the *Director del Servicio de Impuestos Internos, Ministerio de Hacienda*, or an authorised representative of the *Ministro de Hacienda*.

Article 22.4: Restrictions to Safeguard the Balance of Payments

1. Where a Party is in serious balance of payments and external financial difficulties, or under threat thereof, it may adopt or maintain restrictive measures with regard to trade in goods and in services and with regard to payments and capital movements, including those related to direct investment.

2. The Parties shall endeavour to avoid the application of the restrictive measures referred to in paragraph 1.

3. Any restrictive measure adopted or maintained under this Article shall be non-discriminatory and of limited duration and shall not go beyond what is necessary to remedy the balance of payments and external financial situation. They shall be in accordance with the conditions established in the WTO Agreement and consistent with the Articles of Agreement of the International Monetary Fund, as applicable.

4. The Party maintaining or having adopted restrictive measures, or any changes thereto, shall promptly notify them to the other Party and present, as soon as possible, a time schedule for their removal.

5. The Party applying restrictive measures shall consult promptly with the other Party within the Joint FTA Committee. Such consultations shall assess the balance of payments situation of the Party concerned and the restrictions adopted or maintained under this Article, taking into account, *inter alia*, such factors as:

- (a) the nature and extent of the balance of payments and the external financial difficulties;

- (b) the external economic and trading environment of the consulting Party;
and
- (c) alternative corrective measures which may be available.

The consultations shall address the compliance of any restrictive measures with paragraphs 3 and 4. All findings of statistical and other facts presented by the International Monetary Fund relating to foreign exchange, monetary reserves and balance of payments shall be accepted and conclusions shall be based on the assessment by the Fund of the balance of payments and external financial situation of the consulting Party.

Article 22.5: Disclosure of Information

1. Each Party shall, in accordance with its laws and regulations, maintain the confidentiality of information provided in confidence by the other Party pursuant to this Agreement.
2. Nothing in this Agreement shall be construed as requiring a Party to furnish or allow access to confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest²²⁻³ or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

²²⁻³For the purposes of this paragraph the public interest includes, for Australia, compliance with the Privacy Act (Cth) 1988.

Such amendment shall enter into force 45 days after the date on which the Parties exchange written notification that such procedures have been completed, or after such other period as the Parties may agree.

Article 23.4: Amendment of the WTO Agreement

If any provision of the WTO Agreement that the Parties have incorporated into this Agreement is amended, the Parties shall consult on whether to amend this Agreement.

Annex I

1. The Schedule of a Party to this Annex sets out, pursuant to Articles 9.7 (Non-Conforming Measures – Cross-Border Trade in Services Chapter) and 10.9 (Non-Conforming Measures – Investment Chapter), a Party’s existing measures that are not subject to some or all of the obligations imposed by:
 - (a) Article 9.3 (National Treatment – Cross-Border Trade in Services Chapter) or 10.3 (National Treatment – Investment Chapter);
 - (b) Article 9.4 (Most-Favoured-Nation Treatment – Cross-Border Trade in Services Chapter) or 10.4 (Most-Favoured-Nation Treatment – Investment Chapter);
 - (c) Article 9.5 (Market Access – Cross-Border Trade in Services Chapter);
 - (d) Article 9.6 (Local Presence – Cross-Border Trade in Services Chapter);
 - (e) Article 10.7 (Performance Requirements – Investment Chapter); or
 - (f) Article 10.8 (Senior Management and Boards of Directors – Investment Chapter).
2. Each Schedule entry sets out the following elements:
 - (a) **Sector** refers to the sector for which the entry is made;
 - (b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 9.7.1(a) (Non-Conforming Measures – Cross-Border Trade in Services Chapter) and 10.9.1(a) (Non-Conforming Measures – Investment Chapter), do not apply to the listed measure(s);
 - (c) **Level of Government** indicates the level of government maintaining the listed measure(s);
 - (d) For Chile, **Measures** identifies the laws, regulations or other measures for which the entry is made. For Australia, **Source of Measure** means the laws, regulations or other measures that are the source of the non-conforming measure for which the entry is made. A measure cited in the **Measures** or **Source of Measure** element:
 - (i) means the measure as amended, continued or renewed as of the date of entry into force of this Agreement, and
 - (ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

- (e) **Description**, for Australia, sets out the non-conforming measure for which the entry is made; and **Description**, for Chile, provides a general, non-binding, description of the **Measures**.

3. In accordance with Article 9.7.1(a) (Non-Conforming Measures – Cross-Border Trade in Services Chapter) and 10.9.1(a) (Non-Conforming Measures – Investment Chapter), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply, in the case of Australia, to the non-conforming measure identified in the **Description** element of that entry or, in the case of Chile, to the law, regulation or other measure identified in the **Measures** element of that entry. Local Presence and National Treatment are separate disciplines and a measure that is only inconsistent with Local Presence (such as residency requirements) need not be reserved against National Treatment.

4. Where a Party maintains a measure that requires that a service supplier be a citizen, permanent resident or resident of its territory as a condition to the supply of a service in its territory, a Schedule entry for that measure taken with respect to Article 9.3 (National Treatment – Cross-Border Trade in Services Chapter), 9.4 (Most-Favoured-Nation Treatment – Cross-Border Trade in Services Chapter) or 9.6 (Local Presence – Cross-Border Trade in Services Chapter) shall operate as a Schedule entry with respect to Article 10.3 (National Treatment – Investment Chapter), 10.4 (Most-Favoured-Nation Treatment – Investment Chapter) or 10.7 (Performance Requirements – Investment Chapter) to the extent of that measure.

Annex I

Description:	<u>Investment</u> The exploration, exploitation, and treatment (<i>beneficio</i>) of lithium, deposits of any kind existing in sea waters subject to national jurisdiction, and deposits of any kind wholly or partially located in areas classified as important to national security with mining effects, which qualification shall be made by law only, can be the object of administrative concessions or special operating contracts, subject to the requirements and the conditions to be determined, in each case by a Supreme Decree of the President of the Republic. Chile has the right of first refusal, at the customary market prices and terms, for the purchase of mineral products from mining operations in Chile when thorium or uranium are contained in

significant amounts therein.

For greater certainty, Chile may demand that producers separate from mining products the portion of:

- (1) liquid or gaseous hydrocarbons;
- (2) lithium;
- (3) deposits of any kind existing in sea waters subject to national jurisdiction; and
- (4) deposits of any kind wholly or partially located in areas classified as important to national security with mining effects, which qualification shall be made by law only, that exists, in significant amounts, in such mining products and that can be economically and technically separated, for delivery to or for sale on behalf of the State. For these purposes, “economically and technically separated” means that the costs incurred to recover the four types of substances referred to above through a sound technical procedure and to commercialise and deliver those substances shall be lower than their commercial value.

Extracted natural atomic materials and lithium, and their concentrates, derivatives and compounds, cannot be subject to any kind of juridical acts, unless executed or entered into by the Chilean Nuclear Energy Commission (*Comisión Chilena de Energía Nuclear*), or with its prior authorisation. Should the Commission grant an authorisation, it shall determine, in turn, the conditions granted therein.

A permit issued by the Vice-Ministry of Fishing (*Subsecretaría de Pesca*) is required in order to harvest and catch hydrobiological species in internal waters, in the territorial sea and in the exclusive economic zone.

Only Chilean natural persons or juridical persons constituted in accordance with Chilean law and foreigners with permanent residency may hold permits to harvest and catch hydrobiological species.

Only Chilean vessels are permitted to fish in internal waters, in the territorial sea and in the exclusive economic zone. “Chilean vessels” are those defined in the Navigation Law (*Ley de Navegación*). Access to industrial extractive fishing activities shall be subject to prior registration of the vessel in Chile.

Only a Chilean natural or juridical person may register a vessel in Chile. Such juridical person must be constituted in Chile with principal domicile and real and effective seat in Chile. The president, manager and the majority of the directors or administrators must be Chilean natural persons. In addition, more than 50 per cent of its equity capital must be held by Chilean natural or juridical persons. For these purposes, a juridical person with ownership participation in another juridical person that owns a vessel has to comply with all the requirements mentioned above.

A joint ownership (*comunidad*) may register a vessel if (1) the majority of the joint ownership is Chilean with domicile and residency in Chile; (2) the administrators are Chilean natural persons; and (3) the majority of the rights of the joint ownership (*comunidad*) belong to a Chilean natural or juridical person. For these purposes, a juridical person with ownership participation in a joint ownership (*comunidad*) that owns a vessel has to comply with all the requirements mentioned above.

An owner (natural or juridical person) of a fishing vessel registered in Chile prior to June 30, 1991 shall not be subject to the nationality requirement mentioned above.

In cases of reciprocity granted to Chilean vessels by any other country, fishing vessels specifically authorised by the maritime authorities pursuant to powers conferred by law may be exempted from the requirements mentioned above on equivalent terms provided to Chilean vessels by that country.

Access to small-scale fishing (*pesca artesanal*) activities shall be subject to registration in the registry for small-scale fishing

(Registro de Pesca Artesanal). Registration for small-scale fishing (*pesca artesanal*) is only granted to Chilean natural persons and foreign natural persons with permanent residency, or a Chilean juridical person constituted by the aforementioned persons.

Decree 234 of the Ministry of National Defence, Official Gazette, June 19, 1971 (*Decreto 234 del Ministerio de Defensa Nacional, Diario Oficial, junio 19, 1971*)

Description: Investment and Cross-Border Trade in Services

Only a Chilean natural or juridical person may register an aircraft in Chile. Such juridical person must be constituted in Chile with principal domicile and real and effective seat in Chile. In addition, a majority of its ownership must be held by Chilean natural or juridical persons, which in turn must comply with the aforementioned requisites.

The president, manager, majority of directors and/or administrators of the juridical person must be Chilean natural persons.

A foreign registered private aircraft engaged in non-commercial activities may not remain in Chile more than 30 days from its date of entry into Chile, unless authorised by the General Directorate for Civil Aeronautics (*Dirección General de Aeronáutica Civil*). For greater certainty, this measure shall not apply to specialty air services as defined in Article 9.1(l) (Definitions, Cross-Border Trade in Services Chapter), except for glider towing and parachute jumping.

In order to work as crew members on aircraft used by a Chilean aviation company, foreign aviation personnel shall be required first to obtain a Chilean licence with the appropriate permits enabling them to discharge the pertinent duties.

Foreign aviation personnel shall be allowed to work in that capacity in Chile provided that Chilean civil aviation authorities validate the licence or authorisation granted by a foreign country. In the absence of an international agreement regulating such validation, the licence or authorisation shall be granted under conditions of reciprocity. In that case, proof shall be submitted showing that the licences or authorisations were issued or validated by the pertinent authorities in the country where the aircraft is registered, that the documents are in force, and that the requirements for issuing or validating such licences and authorisations meet or exceed the standards required in Chile for analogous cases.

Air transportation services may be provided by Chilean or

foreign companies subject to the condition that, along the routes in which they operate, foreigners grant similar rights to Chilean aviation companies when so requested. The Civil Aviation Board (*Junta de Aeronáutica Civil*), by means of a substantiated resolution (*resolución fundada*), may terminate, suspend or limit domestic traffic services (*cabotage*) or any other class of commercial aviation services carried out solely in Chilean territory by foreign companies or aircraft if in their country of origin the right to equal treatment for Chilean companies and aircraft is denied.

Foreign civil aircraft not engaging in commercial transport activities or non-scheduled commercial air transport intending to enter Chilean territory, including its territorial waters, to fly over Chile, and to make stop-overs for non-commercial purposes, shall be required to notify the General Directorate for Civil Aeronautics at least 24 hours in advance. Commercial traffic aircraft not operating on a regular basis shall not be allowed to carry passengers, cargo or mail in Chilean territory without prior authorisation by the Civil Aviation Board (*Junta de Aeronáutica Civil*).

Description:

Investment and Cross-Border Trade in Services

Only a Chilean natural or juridical person may register a vessel in Chile. Such juridical person must be constituted with principal domicile and real and effective seat in Chile. The president, manager and majority of the directors or administrators must be Chilean natural persons. In addition, more than 50 per cent of its capital must be held by Chilean natural or juridical persons. For these purposes, a juridical person with ownership participation in another juridical person that owns a vessel has to comply with all the aforementioned requisites.

A joint ownership (*comunidad*) may register a vessel if (1) the majority of the joint ownership is Chilean with domicile and residency in Chile; (2) the administrators are Chileans; and (3) the majority of the rights of the joint ownership belong to a Chilean natural or juridical person. For these purposes, a juridical person with ownership participation in a joint ownership (*comunidad*) that owns a vessel has to comply with all the aforementioned requisites to be considered Chilean.

Special vessels owned by foreign natural or juridical persons domiciled in Chile may under certain conditions be registered in the country. For these purposes, a special vessel does not include a fishing vessel. Foreign natural or juridical persons must meet the following conditions: (1) domicile in Chile; (2) principal head office in Chile; or (3) undertaking a profession or commercial activity in a permanent way in Chile. The maritime authority may, for reasons of national security, impose certain special restrictions on the operation of these vessels.

The maritime authority may provide better treatment based on the principle of reciprocity.

Foreign vessels shall be required to use pilotage, anchoring and harbour pilotage services when the maritime authorities so require. In tugging activities or other manoeuvres performed in Chilean ports, only tugboats flying the Chilean flag shall be used.

Captains shall be required to be Chilean nationals and to be acknowledged as such by the pertinent authorities. Officers on Chilean vessels must be Chilean natural persons registered in the Officers' Registry (*Registro de oficiales*). Crewmembers of a Chilean vessel must be Chilean, have the permit granted by the Maritime Authority (*Autoridad Marítima*) and be registered in the respective Registry. Professional titles and licences granted by a foreign country shall be considered valid for the discharge

of officers' duties on national vessels pursuant to a substantiated resolution (*resolución fundada*) issued by the Director of the Maritime Authority.

Ship captains (*patrón de nave*) shall be Chilean nationals. A ship captain is a natural person who, pursuant to the corresponding title awarded by the Director of the Maritime Authority, is empowered to exercise command on smaller vessels and on certain special larger vessels.

Only Chilean nationals, or foreigners with domicile in Chile, shall be authorised to act as fishing boat captains (*patrones de Pesca*), machinists (*mecánicos-motoristas*), machine operators (*motoristas*), sea-faring fishermen (*marineros pescadores*), small-scale fishermen (*pescadores*), industrial or maritime trade technical employees or workers, and industrial and general ship service crews on fishing factories or fishing boats when so requested by ship operators (*armadores*) in order to initiate such work.

In order to fly the national flag, the ship captain (*patrón de nave*), officers and crew must be Chilean nationals. Nevertheless, the General Directorate for the Maritime Territory and Merchant Fleet (*Dirección General del Territorio Marítimo y de Marina Mercante*), on the basis of a substantiated resolution (*resolución fundada*), may authorise the hiring of foreign personnel, on a temporary basis if essential, with the exception of the captain, who, at all times, must be a Chilean national.

Only a Chilean natural or juridical person shall be authorised to work in Chile as a multimodal operator.

Cabotage shall be reserved for Chilean vessels. Cabotage shall include the ocean, river or lake shipping of passengers and cargo between different points of the national territory and between such points and naval artifacts installed in territorial waters or in the exclusive economic zone.

Foreign merchant vessels may be able to participate in cabotage when cargo volumes exceed 900 tons, following a public tender called by the user with due anticipation. When the cargo volumes involved are equal to or less than 900 tons, and no vessels flying the Chilean flag are available, the Maritime Authority shall authorise embarking such cargo on foreign merchant vessels. The reservation of coastal trade to Chilean vessels shall not apply in the event of cargo coming from or destined for ports located in the Province of Arica (*Provincia de Arica*).

In the event that Chile should adopt, for reasons of reciprocity, a

cargo reservation measure applicable to international cargo transportation between Chile and a non-Party, the reserved cargo shall be transported in Chilean-flag vessels or in vessels considered as such.
