Have agreed as follows:

Any juridical person that has been established according to the laws of the Republic of Moldova and that has its permanent seat in the Republic of Moldova, irrespective of whether or not its activities are profit-oriented and irrespective of whether or not it is privately or nationally owned.

Article 2

(1) Each Contracting Party shall in its territory as far as possible promote investments made by nationals or companies of the other Contracting Party and shall permit these investments in accordance with its legislation. In every case it shall afford investments fair and equitable treatment.

(2) Neither Contracting Party shall prejudice in any way by means of arbitrary or discriminatory measures the management, employment, use or enjoyment of investments by nationals or companies of the other Contracting Party in its territory.

Article 3

(1) Each Contracting Party shall accord to investments in its territory that are full property or under the influence of nationals or companies of the other Contracting Party treatment that is no less favourable than that which it accords to investments of its own nationals and companies or investments of nationals or companies of third States.

(2) Each Contracting Party shall accord to nationals or companies of the other Contracting Party, in respect of their activities in connection with investments in its territory, treatment that is no less favourable than that which it accords to its own nationals and companies or nationals and companies of third States.

(3) This treatment shall not apply to prerogatives which a Contracting Party grants to the nationals or companies of third States by virtue of their membership of or association with a customs or economic union, common market or free-trade area.

(4) The treatment accorded in pursuance of this article shall not apply to privileges which a Contracting Party grants to the nationals or companies of third States under a double taxation agreement or other agreements regarding matters of taxation.

Article 4

(1) Investments by nationals or companies of a Contracting Party shall enjoy full protection and full security in the territory of the other Contracting Party.

(2) Investments by nationals or companies of a Contracting Party may not be expropriated, nationalized or subjected to other measures the effects of which would be tantamount to expropriation or nationalization in the territory of the other Contracting Party, save in full public interest and against compensation. Compensation must be equivalent to the value of the expropriated investment immediately preceding the date on which full

actual or imminent expropriation, nationalization or comparable measure became publicly known. Compensation must be paid promptly and shall bear interest at the usual bank rate until the day on which it is paid. It must be effectively realizable and freely transferable. Appropriate provision shall be made for the assessment and payment of compensation, no later than on the day on which the expropriation, nationalization or comparable measure occurs. The lawfulness of the expropriation, nationalization or comparable measure and the amount of compensation must be susceptible of review in proceedings by due process of law.

(3) Nationals or companies of a Contracting Party whose investments suffer losses in the territory of the other Contracting Party owing to war or other armed conflicts, revolution, a state of national emergency or revolt, shall be accorded no less favourable treatment by the latter Contracting Party than that Party accords to its own nationals or companies with regard to restitution, settlements, compensation or other valuable consideration. Such payments shall be freely transferable.

(4) Nationals or companies of a Contracting Party shall receive most-favoured-nation treatment in the territory of the other Contracting Party in respect of the matters provided for in this article.

Article 5

Each Contracting Party shall guarantee to nationals or companies of the other Contracting Party the free transfer of payments in connection with an investment, in particular:

- (a) Of the capital and additional amounts for maintaining or increasing the investment;
- (b) Of returns;
- (c) In repayment of loans;
- (d) Of the proceeds from the complete or partial liquidation or sale of the investment;
- (e) Of the compensation provided for in article 4.

Article 6

If a Contracting Party makes a payment to its nationals or companies under a guarantee it has assumed in respect of an investment in the territory of the other Contracting Party, the latter Contracting Party, without prejudice to the rights of the first Contracting Party under article 10, shall recognize the assignment of all rights and claims of these nationals or companies to the first Contracting Party by virtue of law or a contract. The other Contracting Party shall further recognize the subrogation of the first Contracting Party to all the rights and claims (assigned claims) which the first Contracting Party is entitled to exercise to the same extent as its predecessor in title. Article 4, paragraphs 2 and 3, and article 5 shall apply *mutatis mutandis* to the transfer of payments by virtue of the assigned claims.

Article 7

(1) Transfers under article 4, paragraphs 2 or 3, or articles 5 or 6 shall take place promptly at the exchange rate in force at the time for the Contracting Party in whose territory the investment has been made.

(2) This rate must be equivalent to the cross rate resulting from the rates of exchange which the International Monetary Fund would take as a basis for converting the currencies in question into special drawing rights on the date of the transfer.

Article 8

(1) If the legislation of either Contracting Party or obligations under international law existing at present or established hereafter between the Contracting Parties in addition to this Treaty result in general or specific roles entitling investments by nationals or companies of the other Contracting Party to treatment more favourable than is provided for by this Treaty, these roles, to the extent that they are more favourable, shall prevail over this Treaty.

(2) Each Contracting Party shall honour any other obligation it has accepted with regard to investments in its territory by nationals or companies of the other Contracting Party.

Article 9

This Treaty shall also apply to investments already made by nationals or companies of either Contracting Party in the territory of the other Contracting Party in accordance with the legislation of the latter before the entry into force of this Treaty.

Article 10

(1) Disputes between the Contracting Parties concerning the interpretation or application of this Treaty shall be settled, if possible, by the Governments of the two Contracting Parties.

(2) If a dispute cannot thus be settled, it shall be submitted to an arbitral tribunal, upon the request of either Contracting Party.

(3) The arbitral tribunal shall be constituted for each individual case as follows: each Contracting Party shall appoint one member and these two members shall agree upon a national of a third State as their chairman to be appointed by the Governments of the two Contracting Parties. The members shall be appointed within two months and the chairman within three months from the date on which either Contracting Party informs the other that it wishes to submit the dispute to an arbitral tribunal.

(4) If the periods specified in paragraph 3 have not been observed, in the absence of any other agreement, either Contracting Party may invite the President of the International Court of Justice to make the necessary appointments. If the President is a national of either Contracting Party, or if he is otherwise prevented from making the appointments, the Vice-President shall make them. If the Vice-President is a national of either

Contracting Party or if he, too, is prevented from making the appointments, the member of the Court next in seniority who is not a national of either Contracting Party shall make them.

(5) The arbitral tribunal shall reach its decision by a majority of votes. Its decisions shall be binding. Each Contracting Party shall bear the costs of its own member and of its counsel in the arbitral proceedings; the costs of the chairman and other costs shall be borne in equal parts by both Contracting Parties. The arbitral tribunal may make different arrangements concerning costs. In all other respects, the arbitral tribunal shall determine its own procedure.

(6) If both Contracting Parties are parties to the Convention of 18 March 1965 on the Settlement of Investment Disputes between States and Nationals of Other States, in consideration of the provisions of article 27, paragraph 1 of the Convention, a dispute may not be brought before the arbitral tribunal provided for above if an agreement has been reached between the nationals or companies of one Contracting Party and the Other Contracting Party under article 25 of the Convention. This shall not affect the possibility of referring the matter to the arbitral tribunal in the event that a decision of the arbitral tribunal established under the said Convention (article 27) is not complied with or in the event of an assignment of rights by virtue of law or a contract under article 6 of this Treaty.

Article 11

(1) Disputes regarding investments between one of the Contracting Parties and a national or company of the Other Contracting Party shall, as far as possible, be settled amicably between the parties to the dispute.

(2) If the dispute cannot be settled within six months from the time of its being raised by one of the parties to it, it shall be submitted to arbitral proceedings if the national or company of the Other Contracting Party so requests. Unless the parties to the dispute decide otherwise, the dispute shall be submitted to arbitral proceedings under the terms of the Convention of 18 March 1965 on the Settlement of Investment Disputes between States or Nationals of other States.

(3) The arbitral award shall be binding and shall not be subject to any legal appeal or legal recourse other than that provided for in the aforementioned Convention. The award shall be enforced in accordance with national legislation.

(4) Neither Contracting Party that is a party to the dispute shall raise the objection during arbitral proceedings or during the enforcement of an arbitral award that the national or the company of the other Contracting Party has received compensation under an insurance policy for part or all of the damage.

Article 12

This Treaty shall apply irrespective of whether or not diplomatic or consular relations exist between the Contracting Parties.

Article 13

(1) This Treaty requires ratification. The instruments of ratification shall be exchanged as soon as possible in Bonn.

(2) This Treaty shall enter into force one month after the exchange of the instruments of ratification. It shall remain in force for ten years; thereafter its validity shall be extended for an unlimited period unless denounced in writing by either of the Contracting Parties twelve months before its expiration. After the expiry of the ten-year period the Treaty may be denounced at any time with twelve months' notice.

(3) In respect of investments made prior to the date of termination of this Treaty, articles 1 to 12 shall continue to apply for a further period of twenty years as from the date of termination of this Treaty.
