² The Parties deem the term government procurement to include both public contracts and public works.
Article 3: National Treatment

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to its own investors with respect to the management, conduct, operation, and disposition of investments in its territory.

2. Each Party shall accord to investments treatment no less favourable than that it accords, in like circumstances, to investments of its own investors in its territory with respect to the management, conduct, operation, and other disposition of investments.

3. For greater certainty, whether a specific treatment is accorded in “like circumstances” pursuant to this Article will depend on the totality of the circumstances, including the distinction between investors or investments on the basis of legitimate public welfare objectives.

4. With respect to paragraph 1, each Party shall only admit the entry of investments established by investors of the other Party subject to its applicable laws and regulations.

Article 4: Most-Favoured-Nation Treatment

1. Each Party shall accord to investors of the other Party treatment no less favourable than that it accords, in like circumstances, to investors of any other State with respect to the management, conduct, operation, and disposition of investments in its territory.

2. Each Party shall accord to investments of the other Party treatment no less favourable than that it accords, in like circumstances, to investments of investors of any other State in its territory with respect to their management, conduct, operation, and disposition.

3. For greater certainty, treatment accorded in “like circumstances” pursuant to this Article will depend on all the circumstances, including the distinction between investors or investment on the basis of legitimate objectives of public welfare.

4. For greater certainty, the provisions in this Article shall not apply to incorporate substantive provisions on treatment which are not contained in this Agreement or to exclude rights or powers of the host Party which are provided for herein.
5. For greater certainty, the treatment referred to in this Article does not apply to procedural or jurisdictional matters.

6. The provisions of this Article shall not apply to invoke a more favourable treatment accorded by either Party under:

(a) trade or tax agreements;
(b) free trade zones;
(c) customs unions;
(d) common markets;
(e) economic unions or other integration mechanisms;

to which the host Party is or becomes a party.

Article 5: Minimum Standard of Treatment

1. Each Party shall accord to investments treatment in accordance with the minimum standard of treatment to aliens under customary international law, including fair and equitable treatment and full protection and security.

2. For greater certainty, the concepts of "fair and equitable treatment" and "full protection and security" in paragraph 1 do not require treatment in addition to or beyond that which is required by the customary international law minimum standard of treatment of aliens:

(a) "fair and equitable treatment" includes, taking into account the circumstances of the case, the obligation of the Parties not to incur in a denial of justice in criminal, civil or administrative adjudicatory proceedings in accordance with the principle of due process
embodied in the principal legal systems of the world and to the extent that the conduct of the Parties is detrimental to the investor; and

(b) “full protection and security” requires each Party to provide the level of physical protection required under customary international law and does not require treatment in addition to or beyond that which is required by the customary international law minimum standard of treatment of aliens.

3. A determination that there has been a breach of another provision of this Agreement does not establish that there has been a breach of this Article.

4. Non-discriminatory and non-arbitrary legislative or regulatory measures adopted by either Party to protect general welfare objectives, such as public order, public health, public security, environmental protection and economic policy, and which give an investor of the other Party the same treatment as that accorded to its own investors or to investors of third States in like circumstances, shall not be deemed to breach the minimum standard of treatment.

Article 6: Expropriation and Compensation

1. No Party shall expropriate or nationalize an investment in its territory, either directly or indirectly, through measures equivalent to expropriation, except:

(a) for a public purpose;

(b) in a non-discriminatory manner;

(c) in accordance with due process of law;

(d) upon payment of compensation in accordance with paragraphs 4, 5 and 6.

2. For the purposes of this Article:

(a) direct expropriation means the formal transfer of ownership or property rights;

(b) indirect expropriation means an action or a series of actions by a Party tantamount to direct expropriation without formal transfer of ownership or property rights.
3. The Arbitral Tribunal will determine whether an action or a series of actions by either Party in a given case constitutes indirect expropriation or not based an assessment of the facts as to:

(a) whether the action or series of actions substantially affected an investment of an investor of the other Party made in the territory of the host Party, thus depriving the investor of the control and management of the investment;

(b) the economic impact of the governmental act; and

(c) the purpose and context of the governmental act.

4. The compensation referred to in paragraph 1 (d) shall:

(a) be paid without undue delay;

(b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place (the date of expropriation);

(c) not reflect any change in value occurring because the intended expropriation had become known earlier; and

(d) be fully realizable and freely transferable in accordance with the provisions of Article 7 (Transfers).

5. If the fair market value is denominated in a freely usable currency, the compensation paid shall be no less than the fair market value on the date of expropriation, plus simple interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

6. If the fair market value is denominated in a currency that is not freely usable, the compensation paid, converted into the currency of payment at the market exchange rate prevailing on the date of payment, shall be no less than:

(a) the fair market value on the date of expropriation, converted into a freely usable currency at the market exchange rate prevailing on the date of payment, plus

(b) simple interest at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

7. This Article shall not apply to the issuance of compulsory licenses granted in relation to intellectual property rights or to the revocation, limitation or creation of intellectual
property rights, to the extent that those actions are consistent with the TRIPS Agreement.

8. Non-discriminatory legislative or regulatory measures designed or applied by either Party to protect general welfare objectives, such as public order, public health, public security, environmental protection and economic policy, shall not constitute indirect expropriation.

Article 7: Transfers

1. Each Party, prior fulfilment of the requirements under its law and without unjustified delay, shall allow investors of the other Party to effect, in a freely convertible currency, transfers of:

(a) capital contributions;
(b) profits, dividends, and capital gains from the sale of all or any part of the investment or from its partial or complete liquidation;
(c) interest, royalty payments, management fees, and technical assistance fees;
(d) payments made under a contract; and
(e) payments made under Article 6 (Expropriation and Compensation).

2. No provision in this Agreement shall prevent any Party from establishing conditions on or temporarily prohibiting transfers pursuant to the provisions of its laws and regulations. In particular, a Party may adopt measures with regard to:

(a) bankruptcy, insolvency or the protection of the rights of creditors;
(b) fulfilment of fiscal obligations;
(c) criminal or penal offences;
(d) financial reporting or record keeping of transfers when necessary to assist law enforcement or monitor compliance with the regulations of the host Party;
(e) compliance with orders or judgments in judicial or administrative proceedings.
3. In the event of actual or imminent serious financial or balance of payments difficulties, the host Party may adopt or maintain temporary restrictions on the payments or transfers covered by this Article, including foreign exchange control measures consistent with the Articles of the Agreement of the International Monetary Fund.

**Article 8: Treatment in Case of Armed Conflict or Civil Strife**

Investors of a Party whose investments suffer losses in the territory of the other Party due to war or other armed conflict, revolution, state of national emergency, insurrection, civil disturbance or other similar events shall be accorded treatment by such Party no less favourable than that accorded to its investors or to investors of a third State with regards to any measures adopted in relation to such losses.

**Article 9: Subrogation**

1. Subject to the consent of the host Party, if the other Party, or any agency, institution, statutory body or corporation designated by such Party, makes a payment to an investor under a guarantee, a contract of insurance or another form of indemnity that it has entered into with respect to an investment, the host Party shall recognize the subrogation or transfer of any rights the investor would have possessed under this Agreement with respect to the investment but for the subrogation.

2. Subject to paragraph 1, the investor shall be precluded from pursuing these rights to the extent of the subrogation.

**Article 10: Taxation**

1. No provision in this Agreement shall be applied to tax measures.
2. For greater certainty, nothing in this Agreement shall be construed to preclude the application of any existing or future agreement on double taxation and prevention of fiscal evasion between the Parties.

**Article 11: Right to Regulate**

For the purpose of this Agreement, the Parties recognise their right to regulate in their territories in order to achieve legitimate public policy objectives, such as national security, the protection of public health, safety, the environment, public morals, social and consumer protection, or the promotion and protection of cultural diversity.

**Article 12: Investment and Environmental, Health and Other Regulatory Objectives**

1. The Parties recognize that it is inappropriate to encourage investments by relaxing domestic measures relating to health, environment or other regulatory objectives. Accordingly, a Party should not waive, relax or otherwise derogate from, or offer to waive, relax or otherwise derogate from, such measures as an encouragement for the establishment, acquisition, expansion or retention in its territory of an investment of an investor.

2. The Parties will endeavour not to derogate from, waive or relax measures as an encouragement for the expansion, retention or disposition in its territory of an investment of an investor of the other Party. Furthermore, the Parties will endeavour not to offer to derogate from, waive or relax the measures in question as an encouragement for the establishment, acquisition, expansion or retention in its territory of an investment of an investor of the other Party.
Article 13: Denial of Benefits

Either Party may at any time, even after the dispute settlement mechanism set forth in Section B hereof has been activated, deny the benefits of this Agreement to:

(a) an investor of the other Party that is a legal person of such other Party and to investments of that investor, if an investor of a non-Party owns or controls the legal person and the legal person has no substantial business activities in the territory of such other Party;

(b) an investor of the other Party that is a legal person of such other Party and to investments of that investor, if an investor of the denying Party owns or controls the legal person and the legal person has no substantial business activities in the territory of such other Party;

(c) investments or investors that have been established or restructured with the primary purpose of gaining access to the dispute settlement mechanism provided for in Section B of this Agreement.

Article 14: Compliance with the Laws of the Host Party

The Parties acknowledge that:

(a) the investors and investments of each Party shall comply with the laws, regulations, and policies of the host Party with respect to the management, operation, and disposition of investments;

(b) investors shall not offer, promise or give any pecuniary advantage or benefit—either direct or indirect—to public officers of the host Party as an encouragement or reward for the performance of wrongful official acts or to obtain undue advantages;

(c) upon request of the host Party, investors shall endeavour to provide information about the background and practices of the legal person concerned for decision-making purposes or for statistical purposes.
Article 15: Regulatory Powers relative to Intellectual Property Rights

Nothing in this Agreement shall be construed to restrict the right of the Parties to adopt measures related to intellectual property in conformity with the TRIPS Agreement, or with other treaties on intellectual property rights to which both Parties are party.

Article 16: Interaction with the Private Sector

Recognizing the fundamental role of the private sector, the Parties shall seek to disseminate among the relevant business sectors general information on investing, the regulatory frameworks and business opportunities in the territory of the other Party.

Article 17: Corporate Social Responsibility

The Parties, being mindful of internationally-recognized corporate social responsibility standards, guidelines and principles, including the Organisation for Economic Co-operation and Development (OECD) Guidelines for Multinational Enterprises, shall endeavour to encourage enterprises doing business in its territory or subject to its jurisdiction to voluntarily include said standards, guidelines and principles.

Article 18: Non-Prohibited General Measures

Nothing in this Agreement shall prevent the implementation by either Party of measures it deems necessary in order to:

(a) maintain public order;

(b) protect its own national interests, including its essential security interests;
(c) fulfil its obligations with respect to the maintenance or restoration of international peace and security;
(d) protect human, animal and plant life or health;

2. If any such dispute cannot be settled as provided for under paragraph 1 within six months of the date one of the Parties requests in writing an amicable solution, the dispute may be submitted to an ad hoc Arbitral Tribunal on the request of either Party. The UNCITRAL Arbitration Rules shall be applicable except as otherwise provided in this Agreement or agreed by the Parties.

3. The arbitration proceedings shall be administered by the PCA, unless the Parties agree otherwise.

6. In the event of failure by an investor to submit a claim under Article 21 (Submission of a Claim to Arbitration by an investor of a Party on its own behalf or on behalf of an enterprise) within one year from the submission of a request for consultations, the claimant shall be deemed to have withdrawn their request for consultations and shall be barred from submitting a claim under this Section with regard to the same measures. Said period may be extended by mutual agreement.
7. For greater certainty, the commencement of consultations and negotiations under this Article shall not be interpreted as recognition of the jurisdiction of any Arbitral Tribunal which may be constituted at a future time, in accordance with this Section.

Article 21: Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise

1. After at least six months have elapsed from the receipt of a written request for consultations under Article 20 (Consultations and Negotiation), the investor of the other Party:

2. The arbitrators shall have adequate experience in public international law and international investment rules, or in the settlement of disputes arising from international investment agreements. They shall be impartial, independent, and not dependent on either Party or on the claimant or its attorneys, or receive instructions from any of them. The arbitrators shall not participate in the analysis of any dispute which may lead to a direct or indirect conflict of interest. They shall comply with the guidelines set forth in Part II, Section C of this Agreement (Provisions on the Conduct of Arbitrators), in addition to the International Bar Association Guidelines on Conflicts of Interest in International Arbitration, as well as with any supplementary rule on which the disputing parties may agree. Furthermore, at the time of appointment, the arbitrators will refrain from acting as advisers, as party-appointed experts, or as witnesses in any pending dispute on investments or under this Agreement or any other international agreement.

Article 26: Constitution of the Arbitral Tribunal if either Party Fails to Appoint an Arbitrator or the Disputing Parties Fail to Reach an Agreement on the Appointment of the Chairman of the Tribunal

1. Where either Party fails to appoint an arbitrator or the disputing parties fail to reach an agreement on the appointment of the President of the Arbitral Tribunal, within a period of 90 days from the date on which the claim is submitted to arbitration under this Section, the Tribunal shall be constituted in accordance with the provisions of the applicable Arbitration Rules under Article 21 (Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise) of this Agreement.

2. Nationals of the respondent and the Party of the claimant shall not be appointed as the President of the Arbitral Tribunal unless the disputing parties agree otherwise.
Article 27: Consolidation of Proceedings

1. If two or more claims have been submitted separately to arbitration under Article 21 (Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise) and the claims raise a question of law or fact in common and arise out of the same events or circumstances, either disputing party may seek a consolidation order in accordance with the agreement of the other disputing party sought to be covered by the order or with the terms of paragraphs 2 through 10.

2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the ICSID Secretary-General or the Secretary General of the PCA, as applicable, and to the other disputing party sought to be covered by the order, and shall specify the following in the request:
   (a) the name and address of the disputing party sought to be covered by the consolidation order;
   (b) the nature of the consolidation order sought; and
   (c) the grounds on which the order is sought.

3. Unless the ICSID Secretary-General or the Secretary General of the PCA, as applicable, finds within a period of 30 days from the date of receipt of a request under paragraph 2 that the request is manifestly unfounded, an Arbitral Tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the consolidation order agree otherwise, an Arbitral Tribunal established under this Article shall comprise three arbitrators:
   (a) one arbitrator appointed by agreement of the claimants;
   (b) one arbitrator appointed by the respondent; and
   (c) the President of the Arbitral Tribunal appointed by the ICSID Secretary-General or the Secretary General of the PCA, as applicable, provided that the President is not a national of the respondent or of a Party of any claimant.
5. If, within a period of 60 days from the date of receipt by the ICSID Secretary-General or the Secretary General of the PCA, as applicable, of a request made under paragraph 2, the respondent or the claimants fails to appoint an arbitrator in accordance with paragraph 4, the ICSID Secretary-General or the Secretary General of the PCA, as applicable, on request of any disputing party sought to be covered by the order, shall appoint, in his or her discretion, the arbitrator or arbitrators not yet appointed.

6. If an Arbitral Tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 21.1 (Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise) have a question of law or fact in common, and arise out of the same events or circumstances, the Arbitral Tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

(a) assume jurisdiction over, and hear and determine together, all or part of the claims;

(b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or

(c) instruct an Arbitral Tribunal previously constituted under Article 25 (Number of Arbitrators and Method of Appointment) to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that:

(i) the latter Arbitral Tribunal, on request of a claimant that was not previously a disputing party before that Arbitral Tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4 (a) and 5; and

(ii) the latter Arbitral Tribunal shall decide whether any previous hearing shall be repeated.

7. If an Arbitral Tribunal has been constituted under this Article, a claimant that has submitted a claim to arbitration under Article 21.1 (Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise) and that has not been named in a request made under paragraph 2 may make a written request to the Arbitral Tribunal to be included in any order issued under paragraph 6. The request shall specify:
(a) the name and address of the claimant;
(b) the nature of the consolidation order sought; and
(c) the grounds on which the order is sought.

The claimant shall deliver a copy of their request to the Secretary-General of ICSID or
the Secretary-General of the PCA, as appropriate.

8. An Arbitral Tribunal established under this Article shall conduct its proceedings in
accordance with the UNCITRAL Arbitration Rules, except as modified by this Section.

9. An Arbitral Tribunal constituted under Article 25 (Number of Arbitrators and Method
of Appointment) shall not have jurisdiction to decide on a claim, or part of a claim, over
which an Arbitral Tribunal constituted or instructed under this Article has assumed
jurisdiction, without prejudice to paragraph 6(c).

10. At the request of a disputing party, an Arbitral Tribunal constituted under this
Article, pending its decision under paragraph 6, may order that the proceedings of an
Arbitral Tribunal constituted under Article 25 (Number of Arbitrators and Method of
Appointment) be stayed, unless the latter Arbitral Tribunal has already adjourned its
proceedings.

**Article 28: Preliminary Objections**

1. Any objection that the dispute is not within the jurisdiction or competence of the
Arbitral Tribunal, is inadmissible, or manifestly lacks legal basis, shall be made as early
as possible. A disputing party shall file the objection with the Arbitral Tribunal no later
than the expiration of the time limit fixed for the filing of the counter-memorial.

2. The Arbitral Tribunal may on its own initiative consider, at any stage of the
proceeding, whether the dispute before it is within its jurisdiction or competence.

3. Upon the formal raising of an objection relating to the dispute, the Arbitral Tribunal
decides to suspend the proceeding on the merits. The President of the Arbitral Tribunal,
after consultation with its other members, shall fix a time limit within which the
disputing parties may file observations on the objection.
4. The Arbitral Tribunal shall decide whether or not the further procedures relating to the objection made pursuant to paragraph 1 shall be oral. If the Arbitral Tribunal overrules the objection or joins it to the merits, it shall once more fix time limits for the further procedures. Upon submission of its counter-memorial, or at a later stage of the proceedings, if the Arbitral Tribunal decides that, under the circumstances, the delay is justified, the respondent may submit a counter-claim directly related with the dispute, provided that the disputing party shall specify precisely the basis for the counter-claim.

5. If the Arbitral Tribunal decides that the dispute is not within its jurisdiction or competence, or that all claims are manifestly without legal merit, it shall render an award to that effect.

Article 29: Place of the Arbitration Proceedings

The disputing parties may agree on the legal place of any arbitration under the arbitration rules applicable in accordance with Article 21 (Submission of a claim to arbitration by an investor of a Party on its own behalf or on behalf of an enterprise). If the disputing parties fail to reach an agreement and have chosen not to apply the ICSID Arbitration Rules, the Arbitral Tribunal shall, in accordance with the applicable arbitration rules, determine its seat to be The Hague.

Article 30: Governing Law

1. The Arbitral Tribunal shall decide a dispute in accordance with this Agreement, and shall apply the law of the State Party to the dispute (including its rules on the conflict of laws) and such rules of international law as may be applicable.

2. An interpretation jointly formulated and agreed upon by the State Parties with regard to any provision of this Agreement shall be binding on any Arbitral Tribunal established thereunder.
Article 31: Expert Reports

Without prejudice to the appointment of other kinds of experts when authorized by applicable arbitration rules, the Arbitral Tribunal, on request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety or other scientific matters raised by a disputing party in a proceeding, subject to the terms and conditions agreed upon by the disputing parties.

Article 32: Interim Protection Measures

1. An Arbitral Tribunal may, at the request of a disputing party and where the circumstances of the case so require, order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the jurisdiction of the Arbitral Tribunal is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the jurisdiction of the Arbitral Tribunal.

2. The request must specify the rights to be protected, the measures requested and the circumstances requiring the implementation of such measures. In addition, the disputing party requesting an interim measure must demonstrate the following before the Arbitral Tribunal:

(a) failure to grant the interim measure would probably result in harm which cannot be redressed through the payment of compensation and which is notoriously more serious than the harm that may be inflicted upon the party affected by the interim measure if adopted; and

(b) it is reasonably probable that its claim on the merits will succeed. The decision of the Arbitral Tribunal on such probability will not constitute a prior judgement in connection with any subsequent determination the Arbitral Tribunal may adopt.

3. The Arbitral Tribunal will only issue interim measures, or amend or revoke previously issued measures, after allowing each party to submit its observations.
4. The Arbitral Tribunal may require the disputing party requesting an interim measure to post an appropriate bond with respect to the requested measure.

Article 33: Awards

1. When an Arbitral Tribunal makes a final award, the Arbitral Tribunal may only award, either separately or in combination:

(a) monetary damages and any applicable interest; and

(b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

The Arbitral Tribunal may also award legal costs in accordance with this Section and applicable arbitration rules.

2. In accordance with paragraph 1, where the claim is made by an investor on behalf of an enterprise:

(a) an award of restitution of property shall provide that restitution be made to the enterprise;

(b) an award of monetary damages and any applicable interest shall provide that the sum be paid to the enterprise.

3. An Arbitral Tribunal may not order a Party to pay punitive damages.

4. An award issued by an Arbitral Tribunal shall have no binding force except between the disputing parties and only with respect to the particular case.

5. A disputing party shall not seek enforcement of a final award until:

(a) in the case of a final award made under the ICSID Convention:

(i) 120 days have elapsed from the date the award was rendered and no disputing party has requested the revision under Article 51 of the ICSID Convention or annulment of the award under Article 52 of the ICSID Convention; or

(ii) revision or annulment proceedings have been completed; and

(b) in the case of a final award under the UNCITRAL Arbitration Rules;
(i) 90 days have elapsed from the date the award was rendered and no disputing party has requested the revision, revocation or annulment of the award; or
(ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

6. Each Party shall provide for the enforcement of an award in its territory.

7. A claim that is submitted to arbitration under this Section shall be considered to arise out of a commercial relationship or transaction, for the purposes of Article I of the New York Convention.

**Section C: Provisions on the Conduct of Arbitrators**

**Article 34: Conduct of Arbitrators**

No arbitrator or former arbitrator may at any time disclose or use non-public information about proceedings, or information obtained during any proceedings, except for the purposes of such proceedings, and in no case may any arbitrator or former arbitrator disclose or use such information to obtain benefits for themselves or third parties, or for the purpose of unduly affecting third party interests.

2. Arbitrators and those who have served as arbitrators shall not disclose at any time any deliberations of an Arbitral Tribunal as the opinion of an arbitrator.

Article 40: Commitment

Immediately after being appointed and before accepting their appointment, arbitrators must submit the following commitment:

"I hereby accept my appointment as arbitrator, in accordance with paragraph [ ] I declare that I have no interest in the dispute, and that no other reason can prevent me from serving as a member of the Arbitral Tribunal constituted to settle the dispute between the Parties.

I undertake to perform this duty independently, impartially and with integrity, avoiding any direct or indirect conflict of interest, refraining from accepting suggestions or
impositions from third parties, and not receiving any compensation related to my service, except for those established in this Agreement.

I undertake to disclose, in this commitment and in the future, any information that may affect my independence or impartiality, or that may give rise to justifiable doubts about the integrity and impartiality of this mechanism for the settlement of disputes.

Article 41: Challenge of Arbitrators

disputing party that proposed the challenge may choose to maintain it. In such case, within 30 days as from the date of notice of the challenge, such disputing party may request the President of the International Court of Justice to adopt a founded decision on the challenge.

8. If the President of the International Court of Justice admits the challenge, the disputing party shall appoint a new arbitrator and, in the event an arbitrator has to be replaced during the proceedings, a substitute arbitrator will be appointed.
