

MODEL BIT Italy

The EU adopted in 2012 Regulation (EU) 1219/2012 creating a set of rules for bilateral investment agreements between individual EU members and non-EU countries, to make sure that they are consistent with EU law and with the EU's investment policy. The regulation sets the conditions for EU members to modify existing agreements and negotiate or conclude new bilateral investment agreements ones. Those conditions are:

- *that the agreement is not in conflict with EU law;*
- *that the agreement is consistent with the EU's principles and objectives for external action;*
- *that the Commission did not submit or decided to submit a recommendation to open negotiations with the non-EU country concerned, and;*
- *that the agreement does not create a serious obstacle to the EU negotiating or concluding bilateral investment agreements with non-EU countries.*

The following model might therefore be subject to further adjustments, since the assessment of the consistency of a MS BIT with the EU's investment policy and EU law is a dynamic and evolving process.

SECTION 1 : OBJECTIVES, SCOPE AND DEFINITIONS

ARTICLE 1

Objectives

The objective of this Agreement is to enhance the investment climate between the Parties, in accordance with the following provisions.

ARTICLE 2

Definitions

“territory” means the part of a land area, internal and territorial waters, air space above them, the sea area outside the territorial waters, including the seabed and subsoil on which the Party exercises sovereign rights, and subject to its jurisdiction, according to international law;

“freely convertible currency” means a currency that can be freely exchanged against currencies that are widely traded in international foreign exchange markets and widely used in international transactions;

“investment” means every kind of asset that has the characteristics of an investment, including such characteristics as a certain duration, the commitment of capital or other resources, the assumption of risk, or the expectation of gain or profit. Forms that an investment may take include:

- (a) an enterprise;
- (b) shares, stocks and other forms of equity participation in an enterprise;
- (c) bonds, debentures, loans and other financial instruments of an enterprise;
- (d) interests arising from:

- i) concessions conferred pursuant to domestic law or under a contract, including to search for, cultivate, extract or exploit natural resources,
- ii) turnkey, construction, production, or revenue-sharing contracts, or other similar contracts;
- (e) intellectual property rights;
- (f) claims to money or claims to performance under a contract;
- (g) reinvested returns;
- (h) any other moveable or immovable, tangible or intangible property, and related rights.

Any alteration of the form in which assets are invested or reinvested shall not affect their qualification as investments, provided that the form taken by the investment or reinvestment maintains its compliance with the definition of investment.

For greater certainty:

- (a) "claims to money" does not include claims to money that arise solely from commercial transactions for the sale of goods or services by a natural person or an enterprise in the territory of a Party to a natural person or an enterprise in the territory of the other Party, or the extension of credit in relation to such transactions; and
- (b) an order or judgment entered in a judicial or administrative action or an arbitral award shall not in itself constitute an investment.

"investor of a Party" means:

- (a) a natural person of a Party; or
- (b) a juridical person duly constituted or otherwise organised under the applicable law of a Party, and engaged in substantive business operations in the territory of a Party, that has made a covered investment in the territory of the other Party.

In respect of the Republic of Italy, the term "investor" also includes:

- (a) any national of a Member State of the European Union or of the European Economic Area who, within the context of freedom of establishment pursuant to Article 49 of the Treaty on the Functioning of the European Union, is established in the Italian Republic;
- (b) any juridical person of a Member State of the European Union or of the European Economic Area that enjoys freedom of establishment as an agency or permanent establishment in Italy pursuant to Articles 49 and 54 of the Treaty on the Functioning of the European Union and engaged in substantive business operations in Italy;

"juridical person" means any entity constituted or organized under applicable law, whether or not for profit, and whether privately or governmentally owned or controlled, and includes a corporation, trust, partnership, sole proprietorship, joint venture, association, or other organization;

"control" means, in relation to any juridical person, being:

- (a) entitled to exercise, or control the exercise of (directly or indirectly) more than 50 per cent of the voting power at any general meeting of the shareholders, members or partners or other equity holders (and including, in the case of a limited partnership, of the limited partners of, or, in the case of a trust, of the beneficiaries thereof) in respect of all or substantially all matters falling to be decided by resolution or meeting of such persons; or
- (b) entitled to appoint or remove:

- (i) directors on the board of directors or its other governing body (or, in the case of a limited partnership, of the board or other governing body of its general partner) who are able (in aggregate) to exercise more than 50 per cent. of the voting power at meetings of that board or governing body in respect of all or substantially all matters; and/or
- (ii) any managing member of that undertaking;
- (iii) in the case of a limited partnership, its general partner; or
- (iv) in the case of a trust, its trustee and/or manager; or

(c) entitled to exercise a dominant influence over that juridical person (otherwise than solely as a fiduciary) by virtue of the provisions contained in its constitutional documents or, in the case of a trust, trust deed or pursuant to an agreement with other shareholders, partners, members (or beneficiaries) of that juridical person;

"measure of a Party" means any measure, whether in form of a law, regulation, rule, procedure, decision, practice, administrative action, or any other form, including failure to act, which is adopted or maintained by:

- (a) central, regional or local governments or authorities; and
- (b) non-governmental bodies in the exercise of powers delegated by central, regional or local governments or authorities.

For greater certainty, "measures of a Party" covers measures by entities listed under subparagraphs (a) and (b), which are adopted or maintained by instructing, directing or controlling, either directly or indirectly, the conduct of other entities with regard to those measures;

"operation" means conduct, management, maintenance, use, enjoyment and sale or other form of disposal of an investment;

"returns" means any amounts yielded by or derived from an investment or reinvestment, including profits, dividends, capital gains, royalties, interest, revenues from intellectual property rights, returns in kind and other lawful income.

ARTICLE 3

Scope

This Agreement shall apply to:

- (a) covered investments;
- (b) investors of a Party in respect of a covered investment, as regards any measure adopted or maintained by a Party affecting the operation of such investment.

For greater certainty, this Agreement provides only post-establishment protection and does not cover the pre-establishment phase or matters of market access.

SECTION 2 : PROMOTION, PROTECTION AND TREATMENT OF THE INVESTMENTS

ARTICLE 4

Treatment of Investors and of Covered Investments

1. Each Party shall accord in its territory to covered investments and to investors of the other Party with respect to their covered investments fair and equitable treatment and full protection and security in accordance with paragraphs 2 to 5.

2. A Party breaches the obligation of fair and equitable treatment referenced in paragraph 1 through measures or series or measures that constitute:
 - (a) denial of justice in criminal, civil or administrative proceedings; or
 - (b) fundamental breach of due process, including a fundamental breach of transparency in judicial and administrative proceedings; or
 - (c) manifest arbitrariness; or
 - (d) targeted discrimination on manifestly wrongful grounds, such as gender, race or religious belief; or
 - (e) abusive treatment such as harassment, duress or coercion.
3. When applying the above fair and equitable treatment obligation, a tribunal may take into account whether a Party made a specific representation to an investor to induce a covered investment, that created a legitimate expectation, upon which the investor relied in deciding to make or maintain the covered investment, but that the Party subsequently frustrated.
4. For greater certainty, “full protection and security” refers to the Party’s obligations to ensure the physical security of investors and covered investments.
5. For greater certainty, a breach of another provision of this Agreement, or of any other international agreement, does not constitute a breach of this Article.

ARTICLE 5
Non-discriminatory Treatment

1. Each Party shall accord to investors of the other Party and to covered investments treatment no less favourable than that it accords, in like situations, to its own investors and to their investments, with respect to operation in its territory.
2. Each Party shall accord to investors of the other Party and to covered investments treatment no less favourable than that it accords, in like situations, to investors of a third country and to their investments, with respect to operation in its territory.
3. Subject to the requirement that such measures are not applied in a manner that would constitute arbitrary or unjustifiable discrimination between investments or between investors, paragraphs 1 and 2 shall not be construed to prevent a Party from adopting or enforcing measures necessary:
 - (a) to protect public morals or public order;
 - (b) to protect human, animal or plant life or health;
 - (c) to ensure compliance with laws or regulations which are not inconsistent with the provisions of this Agreement including those relating to:
 - (i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on contracts;
 - (ii) the protection of the privacy of individuals in relation to the processing and dissemination of persona data and the protection of confidentiality of individual records and accounts;
 - (iii) safety.

4. Paragraph 2 shall not be construed as obliging a Party to extend to investors of the other Party or to covered investment the benefit of any treatment resulting from:

(a) treatment granted as part of a process of economic integration, which includes commitments to abolish substantially all barriers to investment among the parties to such a process, together with the approximations of legislation of the parties on a broad range of matters within the purview of this Agreement; or

(b) an international agreement for the avoidance of double taxation or other international agreement or arrangement relating wholly or mainly to taxation; or

(c) measures providing for recognition, including of the standards or criteria for the authorisation, licencing, or certification of a natural person or enterprise to carry out an economic activity, or of prudential measures.

5. For greater certainty, the “treatment” referred to in paragraph 2 does not include dispute settlement procedures provided for in other international agreements.

6. For greater certainty, substantive provisions in other international agreements concluded by a Party with a third country do not in themselves constitute the “treatment” referred to in paragraph 2. Measures of a Party pursuant to those provisions may constitute such treatment and thus give rise to a breach of this Article.

ARTICLE 6

Investment and Regulatory Measures

1. The Parties reaffirm the right to regulate within their territories to achieve legitimate policy objectives, such as the protection of public health, social services, public education, safety, the environment including climate change, public morals, social or consumer protection, privacy and data protection, or the promotion and protection of cultural diversity.

2. For greater certainty, the provisions of this Agreement shall not be interpreted as a commitment from a Party that it will not change the legal and regulatory framework, including in a manner that may negatively affect the operation of covered investments or the investor’s expectations of profits.

3. For greater certainty and subject to paragraph 4, a Party’s decision not to issue, renew or maintain a subsidy

(a) in the absence of any specific commitment under law or contract to issue, renew, or maintain that subsidy; or

(b) in accordance with any terms or conditions attached to the issuance, renewal or maintenance of the subsidy,

shall not constitute a breach of the provisions of this Agreement.

4. For greater certainty, nothing in this Agreement shall be construed as preventing a Party from discontinuing the granting of a subsidy or requesting its reimbursement, where such action has been ordered by the competent authorities, or as requiring that Party to compensate the investor therefor.

ARTICLE 7

Public Debt

1. No claim that a restructuring of debt of a Party breaches an obligation under this Agreement may be submitted to, or if already submitted, be pursued under Article 23 if the restructuring is a negotiated restructuring at the time of submission, or becomes a negotiated restructuring after such submission.

2. Notwithstanding Article 23, and subject to paragraph 1 of this Article, an investor may not submit a claim that a restructuring of debt of a Party breaches an obligation under this Agreement, unless 270 days have elapsed from the date of submission by the claimant of the written request for consultations pursuant to Article 23 paragraph 1.

3. For the purposes of this Article:

(a) “negotiated restructuring” means the restructuring or rescheduling of debt of a Party that has been effected through:

(i) a modification or amendment of debt instruments, as provided for under their terms, including their governing law, or

(ii) a debt exchange or other similar process in which the holders of no less than 75% of the aggregate principal amount of the outstanding debt subject to restructuring, have consented to such debt exchange or other process.

(b) “governing law” of a debt instrument means a jurisdiction’s legal and regulatory framework applicable to that debt instrument.

ARTICLE 8

Compensation for Damages or Losses

1. Investors of a Party whose covered investments suffer damages or losses owing to war or other armed conflict, revolution, a state of national emergency, revolt, insurrection or riot in the territory of the other Party shall be accorded by that Party, with respect to restitution, indemnification, compensation or other form of settlement, treatment no less favourable than that accorded by that Party to its own investors or to the investors of any non-Party, whichever is more favourable to the investor.

2. Without prejudice to paragraph 1 of this Article, investors of a Party who, in any of the situations referred to in that paragraph, suffer losses in the territory of the other Party shall be accorded prompt, adequate and effective restitution or compensation by the other Party, if these losses result from:

(a) requisitioning of their covered investment or a part thereof by the latter’s armed forces or authorities; or

(b) destruction of their covered investment or a part thereof by the latter’s armed forces or authorities, which was not required by the necessity of the situation.

ARTICLE 9

Expropriation

1. Neither Party shall nationalise or expropriate a covered investment either directly or indirectly through measures having an effect equivalent to nationalisation or expropriation (hereinafter referred to as “expropriation”) except:

(a) for a public purpose;

- (b) under due process of law;
- (c) in a non-discriminatory manner; and
- (d) against payment of prompt, adequate and effective compensation.

For greater certainty, this paragraph shall be interpreted in accordance with Annex II (Expropriation).

2. The compensation referred to in paragraph 1 shall amount to the fair market value of the investment at the time immediately before the expropriation or the impending expropriation became publicly known or when the expropriation took place, whichever is earlier. Valuation criteria shall be based on internationally recognized principles and norms to determine fair market value.

3. The compensation shall include interest at a normal commercial rate from the date of expropriation until the date of payment. It shall be freely transferable in accordance with Article 10 paragraph 1 lett f).

4. The investor affected shall have a right, under the law of the expropriating Party, to prompt review of its claim and of the valuation of its investment, by a judicial or other independent authority of that Party, in accordance with the principles set out in this Article.

5. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights, to the extent that such issuance is consistent with the Agreement on Trade-Related Aspects of Intellectual Property Rights in Annex 1C to the WTO Agreements ("TRIPS Agreement").

ARTICLE 10

Transfers

1. Each Party shall permit all transfers relating to a covered investment to be made in a freely convertible currency, without restriction or delay and at the market rate of exchange prevailing on the date of transfer with regard to the currency to be transferred. Such transfers include:

- (a) contributions to capital to maintain, develop or increase the investment;
- (b) profits, dividends, capital gains, interest, royalty payments, management fees, technical assistance and other fees or returns derived from the covered investment;
- (c) proceeds from the sale of all or any part of the investment or from the partial or complete liquidation of the investment;
- (d) payments made under a contract entered into by the investor, or its covered investment, including payments made pursuant to a loan agreement;
- (e) earnings and other remuneration of personnel engaged from abroad and working in connection with an investment;
- (f) payments made pursuant to Articles 8 (Compensation for Losses) and 9 (Expropriation);
- (g) payments of damages pursuant to an award issued by an Arbitral Tribunal under Article 23.

2. Neither Party may require its investors to transfer, or penalise its investors for failing to transfer, the income, earnings, profits or other amounts derived from, or attributable to, their covered investments in the territory of the other Party.

3. Notwithstanding paragraphs 1 and 2, this Article shall not be construed as preventing a Party from applying in an equitable and non-discriminatory manner, and not in a way that would constitute a disguised restriction on trade and investment, its laws and regulations relating to:

- (a) bankruptcy, insolvency, bank recovery and resolution, or the protection of the rights of creditors;
- (b) issuing, trading, or dealing in financial instruments;
- (c) financial reporting or record keeping of transfers where necessary to assist law enforcement or financial regulatory authorities;
- (d) criminal or penal offenses, deceptive or fraudulent practices;
- (e) ensuring compliance with orders or judgments in judicial or administrative proceedings;
- (f) social security, public retirement or compulsory savings schemes.

ARTICLE 11

Subrogation

If a Party, or an agency thereof, makes a payment under an indemnity, guarantee or contract of insurance it has entered into in respect of a covered investment made by one of its investors in the territory of the other Party, the other Party shall recognize that the Party or its agency shall be entitled in all circumstances to the same rights under this Agreement as those of the investor in respect of the covered investment, but for the subrogation. Such rights may be exercised by the Party or an agency thereof, or by the investor if the Party or an agency thereof so authorises. The investor may not pursue these rights to the extent of the subrogation.

ARTICLE 12

Transparency

1. Each Party shall publish, or otherwise make publicly available, its laws and regulations of general application, as well as international agreements which may affect investors of the other Party and their covered investments in its territory, including any measures aimed at protecting the environment and labour conditions or that may be affecting the protection of the environment or labour conditions, thereby ensuring awareness and providing reasonable opportunities for interested persons and stakeholders to submit views.

2. Nothing in this Article shall require the Party to furnish or allow access to any confidential or proprietary information, including information concerning particular investors or their covered investments, the disclosure of which would impede law enforcement or be contrary to domestic laws protecting confidentiality, or would prejudice legitimate commercial interests of investors and their covered investments.

ARTICLE 13

Observance of Written Commitments

Where a Party has entered into any written commitment with investors of the other Party or with their covered investments, that Party shall not breach the said commitment through the exercise of governmental authority.

ARTICLE 14

Prudential carve-out

1. Nothing in this Agreement shall prevent a Party from adopting or maintaining measures for prudential reasons, such as:
 - (a) the protection of investors, depositors, policy-holders or persons to whom a fiduciary duty is owed by a financial service supplier;
 - (b) ensuring the integrity and stability of a Party's financial system.
2. Where such measures do not conform with the provisions of this Agreement, they shall not be used as a means of avoiding the Party's commitments or obligations under the Agreement.
3. Nothing in this Agreement shall be construed to require a Party to disclose information relating to the affairs and accounts of individual consumers or any confidential or proprietary information in the possession of public entities.

ARTICLE 15 **Security Exception**

Nothing in this Agreement shall be construed:

- (a) to require a Party to furnish or allow access to any information the disclosure of which it considers contrary to its essential security interests; or
- (b) to prevent a Party from taking an action which it considers necessary for the protection of its essential security interests:
 - (i) connected to the production of or traffic in arms, ammunition and implements of war and to such traffic and transactions in other goods and materials, services and technology, and to economic activities, carried out directly or indirectly for the purpose of supplying a military establishment;
 - (ii) relating to fissionable and fusionable materials or the materials from which they are derived; or
 - (iii) taken in time of war or other emergency in international relations; or
- (c) to prevent a Party from taking any action in pursuance of its obligations under the Charter of the United Nations for the purpose of maintaining international peace and security.

ARTICLE 16 **Temporary Safeguard Measures**

Where a Party experiences serious balance of payments or external financial difficulties, or threat thereof, it may adopt or maintain restrictive measures with regard to transfers. Such measures shall:

- (a) be consistent with other international obligations of the Party, and with the Articles of the Agreement of the International Monetary Fund;
- (b) not exceed those necessary to deal with the difficulties addressed under this paragraph;
- (c) be temporary and phased out progressively;
- (d) avoid unnecessary damage to the commercial, economic and financial interests of the other Party;
- (e) be non-discriminatory compared to third countries in like situations.

A Party maintaining or having adopted measures referred to in this paragraph shall promptly notify them to the other Party.

ARTICLE 17

Regional Economic Integration Organisation Clause

Nothing in this Agreement shall prevent a Party from exercising its rights and fulfilling its obligations deriving from their membership in any existing or future economic integration agreement, such as free trade area, customs union, common market economic and monetary union, e.g. the European Union, or as to oblige a Party to extend to the investors of the other Party and to their covered investments, the benefits of any treatment, preference or privilege by virtue of its membership or participation in such economic integration agreement.

SECTION 3 : SUSTAINABLE DEVELOPMENT

ARTICLE 18

Corporate Social Responsibility

1. The Parties recognise the important contribution of Corporate Social Responsibility to strengthening investment's positive role in sustainable growth, and in this way contributing to the objectives of this treaty.
2. The Parties shall encourage the uptake of responsible business conduct by companies and investors in line with internationally recognised principles and guidelines of Corporate Social Responsibility, such as the such as the UN Global Compact, the UN Guiding Principles on Business and Human Rights, the ILO Tripartite Declaration of Principles concerning Multinational Enterprises and Social Policy, and the OECD Guidelines for Multinational Enterprises.
3. The Parties commit to exchanging information and, as appropriate, cooperating on promoting responsible business practices.

ARTICLE 19

Investment and Environment

1. The Parties recognise the right of each Party to determine its sustainable development policies and priorities, to establish its own standards of environmental protection, and to accordingly adopt or modify its environmental laws and policies, consistently with internationally recognised standards and agreements on environmental protection.
2. The Parties recognise that it is inappropriate to encourage investment by weakening or reducing the levels of protection afforded in their domestic environmental laws. A Party shall not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such legislation as an encouragement for an investment in its territory.
3. Each Party is committed to effectively implement the multilateral environmental agreements to which it is a party.

ARTICLE 20

Investment and Climate Change

Recognising the importance of pursuing the ultimate objective of the United Nations Framework Convention on Climate Change (UNFCCC) and the purpose and goals of the Paris Agreement adopted by the Conference of the Parties to the UNFCCC at its 21st session (the Paris Agreement) in order to combat climate change and its impacts and committed to enhance the contribution of investment to climate change mitigation and adaptation, each Party shall:

- (a). effectively implement the UNFCCC and the Paris Agreement adopted thereunder, including its commitments with regard to its Nationally Determined Contributions;
- (b). promote investment of relevance for climate change mitigation and adaptation; including investment concerning climate friendly goods and services, such as renewable energy, low-carbon technologies and energy efficient products and services, and by adopting policy frameworks conducive to deployment of climate-friendly technologies;
- (c). cooperate with the other Party on investment-related aspects of climate change policies and measures bilaterally and in international fora, as appropriate.

ARTICLE 21

Investment and Labour

1. The Parties recognise the right of each Party to determine its sustainable development policies and priorities, to establish its own labour standards, and to adopt or modify its labour laws and policies, consistently with internationally recognised labour standards.
2. The Parties recognise that it is inappropriate to encourage investment by weakening or reducing the levels of protection afforded in their domestic labour legislation. A Party shall not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such legislation as an encouragement for an investment in its territory.
3. Each Party, in accordance with its obligations assumed as a member of the International Labour Organization (“ILO”), and its commitments under the ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up, shall respect, promote and realize, in good faith and in accordance with the ILO Constitution, the principles concerning the fundamental rights which are the subject of the fundamental ILO Conventions.
4. Each Party is committed to effectively implement the ILO Conventions to which it is a party and to make sustained efforts towards ratifying, to the extent that it has not yet done so, the fundamental ILO Conventions.
5. Each Party is committed to promote investment policies which further the objectives of the Decent Work Agenda, in accordance with the 2008 ILO Declaration on Social Justice for a Fair Globalisation and the 2019 ILO Centenary Declaration for the Future of Work, including a human-centred approach to the future of work, adequate minimum wages, social protection and safety and health at work.

ARTICLE 22

Dialogue and cooperation on investment-related sustainable development issues

The Parties agree to dialogue and cooperate as appropriate on investment-related labour, environmental and climate change issues of mutual interest arising under this Section in a manner complementary to the efforts under existing bilateral and multilateral mechanisms.

SECTION 4 : SETTLEMENT OF DISPUTES BETWEEN AN INVESTOR OF A PARTY AND THE OTHER PARTY

ARTICLE 23

Settlement of Disputes between Investors of a Party and the other Party.

1. Any dispute which may arise between one of the Parties and an investor of the other Party, from a covered investment including disputes relating to the amount of compensation, and having as object a claim related to the breach of this Agreement shall as far as possible be settled through consultation, negotiation and mediation.

2. In the event that such dispute cannot be settled as provided for in paragraph 1 of this Article within six (6) months from the date of a written application for settlement, the investor in question may submit at its choice the dispute for settlement to one of the following fora (hereinafter collectively referred as "The Arbitration Tribunal"):

(a). an ad hoc Arbitration Tribunal, in compliance with the Arbitration Rules of the UN Commission on International Trade Law (UNCITRAL) as in force at that time, unless another set of rules is agreed by the Parties to the dispute;

(b). an arbitral tribunal which is established pursuant to the Dispute Resolution Rules of the International Chamber of Commerce (ICC), the London Court of International Arbitration (LCIA) or the Arbitration Institute of the Stockholm Chamber of Commerce (SCC);

(c). the International Centre for Settlement of Investment Disputes (ICSID), for the implementation of an arbitration procedure, under the Washington Convention of 18 March, 1965, on the Settlement of Investment Disputes between State and National of other State, if this had entered into force for both of the Parties to the dispute, or, alternatively, in accordance with the ICSID Additional Facility Rules, if the Washington Convention has entered into force only for one the Parties.

3. An investor may only submit a claim if the investor itself or any entity directly or indirectly controlled by it, or by which it is in turn directly or indirectly controlled, withdraws or discontinues any existing proceeding before a tribunal or court under domestic or international law with respect to a measure alleged to constitute a breach of this Agreement, as well as it waives its right to initiate any claim or proceeding of the same kind with respect to a measure alleged to constitute such a breach. The investor shall apply this provision in good faith and avoid double proceedings for the same kind of substantial claims.

4. In the event that the Investor, the investment or the State have already been satisfied under domestic law on a claim substantially reproducing that to be addressed under this article, the disputing party is forbidden from proposing an arbitration.

5. Both Parties shall refrain from negotiating through diplomatic channels on any matters relating to an arbitration procedure or judicial procedure at the stage of the arbitration proceedings until

these procedures have been concluded. The Arbitration Tribunal's decision shall be final and binding upon disputants.

6. The Parties shall pursue with each other and other interested trading partners the establishment of a permanent multilateral investment court which may include an appellate mechanism. Following the entry into force between the Parties of an international agreement providing for a permanent multilateral investment court, and/or a multilateral appellate mechanism applicable to disputes under this Agreement, the relevant parts of this Agreement shall cease to apply.

ARTICLE 24

Transparency of proceedings

1. The UNCITRAL rules on transparency in treaty-based investor-State arbitration, as adopted by the United Nations Commission on International Trade Law on 10 July 2013 shall apply to international arbitration proceedings initiated pursuant to Article 23.

2. Nothing in this Agreement or the applicable arbitration rules shall prevent the exchange of information between the European Union and the Republic of Italy or vice versa, which relates to international arbitration proceedings initiated pursuant to Article 23.

ARTICLE 25

Applicable Law and Rules of Interpretation

1. The Arbitration Tribunal shall apply this Agreement as interpreted in accordance with the Vienna Convention on the Law of Treaties, and other rules and principles of international law applicable between the Parties. For greater certainty, the domestic law of the Parties shall not constitute part of the applicable law. In case of the Republic of Italy "domestic law" includes the law of the European Union.

2. The Arbitration Tribunal shall not have jurisdiction to determine the legality of a measure under the domestic law of a Party. For greater certainty, in determining the consistency of a measure with this Agreement, the Arbitration Tribunal may consider, as appropriate, the domestic law of a Party as a matter of fact. In doing so, the Arbitration Tribunal shall follow the prevailing interpretation given to the domestic law by the courts or authorities of that Party.

ARTICLE 26

Ethics

1. Arbitrators shall be independent of, and not be affiliated with or take instructions from, a disputing party or the government of a Party with regard to trade and investment matters. Arbitrators shall not take instructions from any organisation, government or disputing party with regard to matters related to the dispute. They shall not participate in the consideration of any disputes that would create a direct or indirect conflict of interest. In so doing, they shall comply with Annex I (Code of Conduct). In addition, upon appointment, they shall refrain from acting as counsel in any pending or new investment protection dispute under this or any other agreement or domestic law.

2. Following the establishment of the Arbitration Tribunal under Article 23 if a disputing party considers that an arbitrator does not meet the requirements set out in paragraph 1 or in Annex I, it shall send a notice of challenge to the appointing authority as established by the relevant rules of procedure, who shall transmit it to the arbitrator concerned. The notice of challenge shall be sent within 15 days after the constitution of the Arbitration Tribunal was communicated to the disputing party, or within 15 days after the date on which the relevant facts came to its knowledge, if they could not have reasonably been known at the time of constitution of the Arbitration Tribunal. The notice of challenge shall state the grounds for the challenge.

3. If, within 15 days after the date of the notice of challenge, the challenged arbitrator has elected not to resign from the Arbitration Tribunal, the appointing authority, after hearing the disputing parties and after providing the arbitrator an opportunity to submit any observations, issue a decision within 45 days after receipt of the notice of challenge and forthwith notify the disputing parties and other arbitrators of the Arbitration Tribunal.

ARTICLE 27

Multiple Proceedings

1. The Arbitration Tribunal shall dismiss a claim by a claimant who has submitted a claim to any domestic or international court or tribunal concerning the same treatment as that alleged to breach the provisions of this Agreement, unless the claimant withdraws such pending claim.

2. Together with the submission of a claim the claimant shall provide:

(a) evidence that it has withdrawn any pending proceedings before any domestic or international court or tribunal under domestic or international law concerning the same treatment as that alleged to breach the provisions of this Agreement; and

(b) a declaration that it will not initiate any proceeding before any domestic or international court or tribunal under domestic or international law concerning the same treatment as that alleged to breach the provisions of this Agreement.

3. For the purposes of paragraphs 1 and 2 above, the term "claimant" includes the investor and, if applicable, its locally established enterprise. In addition, for the purposes of paragraphs 1 and 2(a), the term "claimant" also includes all persons who, directly or indirectly, have an ownership interest in or are controlled by the investor or its locally established enterprise, as applicable, and claim to have suffered the same loss or damage as the investor or the locally established enterprise, as applicable.

ARTICLE 28

Claims Manifestly without Legal Merits

The respondent may, no later than 30 days after the establishment of the Arbitration Tribunal under article 23 , or 30 days after it became aware of the facts on which the objection is based, file an objection that a claim is manifestly without legal merit. The respondent shall specify as precisely as possible the basis for the objection. The Arbitration Tribunal, after giving the parties to the dispute an opportunity to present their observations on the objection, shall, at its first session or promptly thereafter, issue a decision or award on the objection, stating the grounds therefor. In the event that the objection is received after the first session of the Arbitration Tribunal, the Arbitration Tribunal shall issue such decision as soon as possible, and no later than 120 days after

the objection was filed. In doing so, the Arbitration Tribunal shall assume the alleged facts to be true, and may also consider any relevant facts not in dispute. The decision shall be without prejudice to the right of a party to object, pursuant to Article 29 or in the course of the proceeding, to the legal merits of a claim and without prejudice to the Arbitration Tribunal's authority to address other objections as a preliminary question.

ARTICLE 29
Claims Unfounded as a Matter of Law

Without prejudice to the Arbitration Tribunal's authority to address other objections as a preliminary question or to the right of a respondent to raise any such objections at any appropriate time, the Arbitration Tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim, or any part thereof, is not a claim for which an award in favour of the Investor may be made, even if the facts alleged were assumed to be true. The Arbitration Tribunal may also consider any relevant facts not in dispute. Such an objection shall be submitted to Arbitration Tribunal as early as possible, and in any event not later than the expiration of the time limit fixed for the filing of the counter-memorial or statement of defence, unless the facts on which the objection is based are unknown to the party at that time. On receipt of an objection under this paragraph, and unless it considers the objection manifestly unfounded, the Arbitration Tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision on the objection, stating the grounds therefor.

4. If, within the period specified in paragraph 3 of this Article, the appointment has not been made, each of the two Parties may invite, in default of other arrangements, the President of the International Court of Justice to make an appointment. In the event that the President of the Court is a national of one of the Parties or if, for any reason, it is impossible for him/her to make the appointment, the application shall be made to the Vice President of the Court. If the Vice

President of the Court is a national of one of the Parties or, for any reason, is unable to make the appointment, the most senior member of the International Court of Justice, who is not a national of one of the Parties, shall be invited to make the appointment.

5. The Arbitration Tribunal shall rule with a majority vote, and its decision shall be binding. Each Parties shall pay the cost of its own arbitrator and of its representative at the hearings. ARTICLE 34

1. This Agreement, its amendments and additions shall enter into force on the date of receiving the last written notification confirming the implementation by the Parties of all internal procedures necessary for its entry into force.

Mediators

ANNEX II

EXPROPRIATION

The Parties confirm their shared understanding that:

1. Expropriation may be either direct or indirect:

(a) direct expropriation occurs when an investment is nationalised or otherwise directly expropriated through formal transfer of title or outright seizure.

(b) indirect expropriation occurs where a measure or series of measures by a Party has an effect equivalent to direct expropriation, in that it substantially deprives the investor of the fundamental attributes of property in its investment, including the right to use, enjoy and dispose of its investment, without formal transfer of title or outright seizure.

2. The determination of whether a measure or series of measures by a Party, in a specific situation, constitutes an indirect expropriation requires a case-by-case, fact-based inquiry that considers, among other factors:

(a) the economic impact of the measure or series of measures, although the sole fact that a measure or series of measures of a Party has an adverse effect on the economic value of an investment does not establish that an indirect expropriation has occurred;

(b) the duration of the measure or series of measures by a Party;

(c) the character of the measure or series of measures, notably their object and context.

3. For greater certainty, except in the rare circumstance when the impact of a measure or series of measures is so severe in light of its purpose that it appears manifestly excessive, non-discriminatory measures by a Party that are designed and applied to protect legitimate policy objectives, such as the protection of public health, social services, public education, safety, environment including climate change, public morals, social or consumer protection, privacy and data protection, or the promotion and protection of cultural diversity do not constitute indirect expropriations.
