   Section I: The Higher Council for the Investment
Law n° 2016-71 dated 30th of September 2016 promulgating the Investment Law

...  
...

In the name of the People,
The People's Representatives Assembly having adopted,
The President of the Republic enacts the following law:
Chapter I General Provisions

Article 1
This Law aims to promote investment and encourages the creation of enterprises and their development in accordance with economic national priorities, in particular through:
- the increase of the added value, the competitiveness and the technological aspect of the national economy in the regional and international levels and the development of priority sectors,
- the creation of jobs and the increase of human resources competences,
- the achievement of an integrated and equal regional development,
- The achievement of sustainable development.

Article 2
This Law sets out the legal statutory regime of investments made by individuals or legal persons, Tunisians or foreigners, residents or non-residents in all economic activities.

The economic activities are classified in conformity with the "Tunisian classification of activities", uniformly adopted by all the public services involved with the investment.

The Tunisian classification of activities is determined by a governmental decree.

Article 3
The terms used in this Law shall have the following meanings:

1. Direct Investment Operation: any creation of a new independent project for the purpose of producing goods or providing services or any extension or renewing operations made by an active company as part of that same project seeking to raise the production capacity.

2. Investment by Contribution Operation: The financial participation or contribution in kind in the capital of Tunisian companies, either at their constitution or on the occasion of a capital increase, or any acquisition of a capital participation.
   - Investor: Any individual or legal person, Tunisian or foreigner, resident or non-resident who makes investment

Enterprise: Any entity aiming to produce goods or to provide services that takes the form of a company or an individual enterprise in accordance with the Tunisian legislation.

Regional Development Index: An Index calculated in accordance with economic, social and demographic criteria to classify the territorial regions of the country according to their development degrees.

The Authority: The Tunisian Investment Authority.

The Fund: The Tunisian Investment Fund.
Section II Access to the Market

Article 4

Investment is free.

Investment operations shall respect the legislation regarding exercising economic activities.

A Governmental Decree shall determine, within one year after the adoption of this Law, the list of activities subject to authorization, the list of administrative authorizations necessary to realize the project and the time periods, procedures and conditions of its issuing, particularly with regard to national security and defense, rationalization of compensation, natural resources and cultural heritage conservation and preservation of the environment and health protection.

Any decision refusing the authorization shall report, within the legal terms, the reasons of the refusal and shall be notified to the investor in writing or through any other means that provides a writing record.

Upon the expiry of the time limit mentioned in the third paragraph of this Article, silence is considered as an approval, if the application fulfils all the required conditions. In this case, the Authority shall deliver the authorization to the applicant after checking the fulfilment of the conditions and the applicable deadlines in case of silence after the expiry of these deadlines.

Some activities may be excluded from the provisions of the last paragraph in accordance with a governmental decree.

Article 5

The investor is free to own, rent and exploit non-agricultural properties for the purpose of achieving direct investment operations or their extensions with respect to the Land Management and Urbanism Code and the zoning plans.

Article 6

Each enterprise is allowed to recruit foreign management up to 30% of the total number of the management staff till, at the choice of the enterprise, the end of the third year following the legal constitution of the enterprise or the date of its entry into effective production. This limit is reduced to 10% starting from the fourth year from that date. In all cases, the enterprise is allowed to recruit up to four foreign management staff.

Beyond the percentage or the limit mentioned in the previous paragraph, the recruitment of foreign management is subject to the approval by the Ministry in charge of employment approval in accordance with the Labour Code.

The procedures of recruitment of foreign management staff are subject to the provisions of the Labour Code, except paragraphs 2, 3, 4, 5 of Article 258-2 of the said Code.

Section III Investor's guarantees and obligations

Article 7

A foreign Investor must not be treated less favorably than a Tunisian Investor in like circumstances, with regard to his rights and obligations mentioned in this Law.

Article 8
The Investor’s funds, possessions and intellectual rights are guaranteed in conformity with the legislation in force.

The Investor’s funds shall not be expropriated, except for public interest, without any discrimination regarding nationality, upon fair and equitable compensation, and in due process of law.

The provisions of this Article do not prevent the implementation of court judgments or arbitral decisions.

Article 9

Foreign investors can freely transfer abroad funds in foreign currency in accordance with applicable foreign exchange legislation.

If the transfer to abroad requires an authorization from the Tunisian Central Bank, the provisions of Article 4 of the present Law shall apply.

Article 10

The Investor shall respect the applicable legislation, in particular with regard to competition, transparency, health, employment and social security, environment protection and natural resources protection, taxation, land management and urbanism, and shall provide all required information in application of this Law, and shall guarantee the correctness, precision and completeness of the provided information.

Chapter IV Investment Governance

Section I: The Higher Council for the Investment

Article 11

It is set up in the Presidency of the Government a "Higher Council for the Investment" chaired by the President of the Government and consisting of Ministers in charge of sectors related to investment. The Ministers in charge of Investment, Finances and Employment shall attend to its deliberations.

The Council composition and its organization shall be determined by a Governmental Decree.

Article 12

The Council sets the policy and strategy of the State with regard to investment, and the following tasks in particular shall be assigned to it:

- taking the necessary decisions to promote investment and to improve the business environment and investment,

- evaluating the policy of the State in the field of investment in an annual publicized report,

- approving strategies and action plans and annual budgets of the Authority and the Fund,

- approving the annual distribution of public financial resources allocated to the Fund in accordance with the objectives of the State policy regarding investment in the framework of the preparation of the budget laws,

- taking charge of the Authority and Fund actions, their control and their evaluation,
- deciding on the incentives for the benefit of the projects of national interest mentioned in article 20 of this Law.

The Authority ensures the permanent secretary of the Council, which meets regularly at least once every three months.

Section II The Tunisian Investment Authority

Article 13

A public authority called "the Tunisian Investment Authority " is created as a legal entity and endowed with administrative and financial autonomy under the supervision of the Ministry in charge of Investment.

The Authority's headquarters is situated in Tunis; it may have representations in the regions and abroad.

The Authority is submitted to the commercial legislation subject to the provisions of this Law.

The Authority shall not be subjected to the Law n° 89-9 dated on 1st February 1989, relating to participations, public enterprises and establishments.

The staff of the Authority is submitted to a special staff statute that takes into account the fundamental rights and guarantees provided by Law n° 85-78 dated 5 August 1985, relating to the general status of the officials of offices, public establishments of industrial and commercial nature, and companies whose capital belongs directly and wholly to the state or public local collectivities.

The financial resources of the Authority consist of:
- funds imputed from the State budget,
- donations and legacies received from Tunisia or from abroad,
- any other resources.

The administrative and financial organization as well as the staff statute of the Authority shall be determined by ministerial decree.

Article 14

The Authority proposes to the Council the policies and reforms related to Investment after consultations with the bodies representing the private sector. It is tasked to monitor the Investments and to collect and to publish data related to the Investments and to prepare the evaluating reports on the investment policy.

The Authority examines the requests for encouragement benefits and decides on the allocation of such benefits on the basis of a technical report prepared by the structure in charge of monitoring the realization of the Investment.

The relationship between the Authority and the structures in charge of Investments shall be determined in the framework of agreements to be approved by the Council.

Article 15

Shall be created within the Authority, "the investor's unique interlocutor" tasked in particular with the following:
- welcome, guide and inform the Investor in coordination with the different concerned entities,
- accomplish, on behalf of the Investor, the administrative procedures regarding the legal
  constitution of the enterprise or its extension, and obtain the approvals needed during the
  investment steps,
- deal with Investor's complaints, endeavor to resolve the case in coordination with the
  different concerned entities, compile a database on complaints received for examination and
  suggestions of adequate solutions, and publish any violations and corrective actions in the
  evaluating reports.

The direct investment declaration and the legal constitution of enterprises shall be made in a
single administrative document; the model document and its list of annexed documents as
well as its procedures shall be determined by a Governmental Decree.

The investor's unique interlocutor shall deliver to the Investor the Investment Declaration
Acknowledgment and the investment creation or enterprise extension documents within a
working day from the date in which the Investment Application, with all requested documents,
is submitted.

Article 15 (bis)

Attached to the Tunisian Investment Authority, a commission called Commission of
Authorizations and Approvals shall be established. It shall be composed of representatives of
the ministries and the public entities involved.

The Commission is in charge of facilitating the realization of Investments approved by the
Tunisian Investment Authority in accordance with the applicable legislation, by:
1-deciding on all the authorizations and approvals requested to realize the investment.
2-decide on the requests for a change of the status of agricultural lands, notwithstanding the
provisions of the Law 83-87 dated on the 11 November 1983, related to the agriculture lands
protection.

The requests for authorizations, approvals, and change of status of agricultural lands related
to projects approved by the Tunisian Investment Authority, shall be submitted to the
Commission of Authorizations and Approvals excluding any other public entity.

The Commission of Authorizations and Approvals takes its decision and transfers it to the
concerned Minister on the same date by any means of a written record.

The Minister can oppose the decision in a deadline not exceeding 15 days starting after its
reception date.

The silence of the Minister, after the expiration of the above-mentioned deadline, shall be
considered as an acceptance. The Commission decision shall be respected by all public and
private entities.

In case of the Minister's opposition to the authorization, the Commission of Authorizations
and Approvals shall seize the Higher Commission for Investment in a deadline not exceeding
the 7 days starting from the opposition date.

The Commission of Authorizations and Approvals may seize the Higher Commission for
Investment in case of obstruction of the decision-making process.
The composition, modalities, and working conditions of the Commission of Authorizations and Approvals, the authorization approval deadlines as well as the list of concerned activities shall be determined by a Ministerial Order by the Minister in charge with the Investment.

(Article added by article 11 of the Law 2019 - 47 dated on the 29th of May 2019 regarding the improvement of the business environment).
