(5) A notification pursuant to Para 2 shall contain all information in accordance with Para 4 which is known to the target undertaking at the time of the notification. The acquiring person or persons shall be requested to provide all further information pursuant to Para 4 Items 1 to 10 without delay.

Authorisation procedure

Section 7. (1) After receipt of the complete application pursuant to Section 6 Para 4 Items 1 to 10, the leading responsible Member of the Federal Government shall without delay notify the European Commission pursuant to Section 12 Para 1.

(2) Within one month after expiry of all relevant deadlines within the meaning of Section 12 Para 5, or in cases of extreme urgency within the meaning of Section 12 Para 9, after receipt of the complete application pursuant to Para 1, the leading responsible Member of the Federal Government shall either

1. determine by decision that

a) an authorisation procedure is not initiated because such procedure would be contrary to obligations under Union or international law, or

b) there are no objections to the acquisition because there is no well-founded suspicion of a threat to security or public order within the meaning of Section 3, or

2. give notification that an in-depth investigation will be initiated because a more detailed examination of the impact on security or public order is required.

If neither a decision pursuant to Item 1 is served nor a notification pursuant to Item 2 is delivered within this period, the authorisation shall be deemed to have been granted. All parties to the proceedings shall be notified of the beginning of the one-month period.

(3) Within two months from notification within the meaning of Para 2 Item 2, an administrative decision shall either

1. approve of the process if it does not pose the risk of a threat to security or public order within the meaning of Section 3, or

2. if such a hazard is to be feared as a result of the process,

a) grant the authorisation subject to the conditions necessary to eliminate that risk, or

b) refuse the authorisation if conditions are not sufficient to eliminate that risk.

If no administrative decision is received within this period, the authorisation shall be deemed to have been granted.

(4) Upon request, a confirmation by administrative decision shall be issued that authorisation for a process is deemed to have been granted by the expiry of the time limit in Para 2 or Para 3.

(5) If delivery is not possible to any of the persons specified in Section 6 Para 4 Item 10, it may also be effected by deposit in accordance with Section 23 of the Service of Documents Act (ZustG), Federal Law Gazette No. 200/1982.

(6) The process may not be carried out before service of a notice pursuant to Para 2 Item 1 or Para 3 or expiry of the time limits pursuant to Para 2 or Para 3.

Initiation of an ex officio authorisation procedure

Section 8. (1) If the leading responsible Member of the Federal Government becomes aware of a process subject to authorisation obligation pursuant to Section 2 for which no application for authorisation pursuant to Section 6 has been submitted, s/he shall request the acquiring person or persons to submit such an application within three working days.

(2) If none of the acquiring persons complies with this request within this period, the leading responsible Member of the Federal Government shall initiate an ex officio authorisation procedure and inform the acquiring person or persons of this initiation.

(3) The acquiring person or persons shall be obliged to provide the information pursuant to Section 6

Para 4 Items 1-10 without delay.

(4) Section 7 shall apply to the ex officio authorisation procedure

(5) If the process has already been completed in whole or in part and if it is established in the authorisation procedure that there is a well-founded suspicion of a threat to security or public order within the meaning of Section 3, the administrative decision pursuant to Section 7 Para 3 shall prescribe subsequent conditions which lead to the elimination of such threat. If such conditions are not sufficient to eliminate the threat, the notice shall order the unwinding of the entire process or the completed parts thereof.

Clearance certificate

Section 9. (1) Any acquiring person or the target undertaking may submit an application for a clearance certificate for a specific direct investment to the leading responsible Member of the Federal Government before the process is carried out.

(2) The application shall contain all information pursuant to Section 6 Para 4 Items 1 through 10.

(3) Within two months of receipt of the complete application, the leading responsible Member of the Federal Government shall issue a clearance certificate by administrative decision if it is established that the direct investment is not subject to an authorisation obligation. Otherwise, the applicant(s) must be notified that the application will be treated as an application for authorisation, and Section 7 shall apply.

(4) If within two months of receipt of the complete application neither an administrative decision nor a notification pursuant to Para 3 is served, the clearance certificate pursuant to Para 3 shall be deemed to have been granted.

3. is subject to the EU Merger Regulation.

(2) Requests for information from the European Commission or another EU Member State on a direct investment undergoing screening must be answered without delay.

(3) Unless the requested information is already contained in the application for authorisation, each acquiring person and the target undertaking shall, upon request of the leading responsible Member of the Federal Government, provide one, several or all of the following pieces of information within five calendar days:

(8) If the European Commission or at least one other EU Member State has notified its intention to issue an opinion or comments within 15 calendar days of the notification pursuant to Para 1, a decision in proceedings pursuant to Sections 7 or 8 may be issued only after expiry of all deadlines for the submission of opinions and comments pursuant to Para 5.

(9) In cases of exceptional urgency, particularly if a potential threat within the meaning of Section 3 requires immediate action or the process must be carried out quickly for important economic interests, an administrative decision may be issued before expiry of the time limits specified in Para 5. An opinion of the European Commission which is issued after comments of at least one other EU Member State must also be taken into account if it is received no later than 15 calendar days after the expiry of the period pursuant to the first sentence. This does not apply to comments and opinions relating to a direct investment that was completed more than 15 months before the date of their receipt.

(3) If, on the basis of a request for information pursuant to Para 1, it emerges that an application for authorisation pursuant to Section 6 would have had to be submitted, the procedure to be followed in this case shall be that the procedure set out in Section 8. (2) The Members of the Committee for Investment Control shall submit an opinion within eight calendar days if they consider that the direct investment concerned could lead to a threat to security or public order in Austria within the meaning of Section 3. This opinion must also state whether additional information on the direct investment is considered necessary in order to better assess the existence and extent of the threat and to be able to make well-reasoned comments.

(3) If either an opinion pursuant to Para 2 is received or if the leading responsible Member of the Federal Government is of the opinion that the process could lead to a threat to Austrian security or public order within the meaning of Section 3, which is to be assessed within the sphere of action of his/her Federal Ministry, s/he shall notify the European Commission within 15 calendar days of receipt of the notification pursuant to Para 1 that Austria intends to provide comments on the direct investment.

(4) This notification shall be accompanied by requests for information if such information is necessary to assess the potential threat and to submit substantiated comments. Such requests shall be duly justified, shall be proportionate to the purpose of the request and shall not impose an undue burden on the other EU Member State to which the request is addressed.

(5) If, on the basis of the information on the initiation of a screening procedure, alone or together with the additional information submitted, it emerges that the process could lead to a threat within the meaning of Section 3, the leading responsible Member of the Federal Government shall, after consulting with the Committee for Investment Control, submit comments to the other EU Member State concerned. These comments must also be sent to the European Commission simultaneously. They must be submitted at the latest within 35 calendar days of receipt of the notification pursuant to Para 1 and within 20 calendar days of receipt of additional information based on a request pursuant to Para 4.

Cooperation on direct investments not undergoing screening in another EU Member State

Section 15. (1) If the leading responsible Member of the Federal Government becomes aware of a direct investment not undergoing screening in another EU Member State which could have an impact on security or public order in Austria within the meaning of Section 3, s/he shall immediately refer the matter to the Committee for Investment Control.

(2) All Members of the Federal Government shall be obliged to inform the leading responsible Member of the Federal Government without delay of any events within the meaning of Para 1 of which they become aware.

(3) The other EU Member State in which the direct investment is planned or has been completed is to be requested to provide additional information on the process, if such information is necessary to assess the potential threat and to submit substantiated comments. Such requests shall comply with the requirements set out in Section 14 Para 4, second sentence.

(4) If it emerges from the original information about the direct investment alone or in connection with additional information based on a request pursuant to Para 3 that this direct investment could lead to a threat to security or public order within the meaning of Section 3 in Austria, the leading responsible Member of the Federal Government shall, after consulting with the Committee for Investment Control, submit comments to the other EU Member State concerned. These comments must also be submitted to the European Commission simultaneously. They must be submitted within 35 calendar days at the latest from the receipt of additional information from the other EU Member State.

(5) Paras 1 to 4 shall not apply to direct investments not undergoing screening in another EU Member State that were concluded before 10 April 2019. Comments pursuant to Para 4 may be submitted no later than 15 months after the completion of such direct investment.
